December Jr. College Election Proposed

Foundation Preparing Detailed Suggestions For Future Directors

Petitions will be circulated soon to obtain a special election in December or January on creating a junior college district taking in Madison county and parts of Jersey, Calhoun and Macopin counties.

This was announced last night in East Alton at a dinner meeting of the Lewis & Clark Educational Foundation by Madison County School Supt. Wilbur Trimpe, who said final recommendations will be given at the next meeting, Sept. 21 at the county courthouse in Edwardsville. Trimpe heads the Foundation's steering committee.

Plans will be submitted to the State Junior College Board following the September meeting. If the mid-winter referendum is successful and if there is state approval, a district would be formed. Board members would be chosen in a second election. Although the district board would then decide on curriculum, sites, budgets, tax levies and other matters, John D. Mellott, public relations chairman, said detailed site, program and financial recommendations are being developed as a guide to voters.

Favored by 75% in Poll
The final part of a public opinion report prepared with the assistance of Southern Illinois University was announced last night as showing that over 75% those asked at random favor establishing a two-year community college. Less than 10% indicated opposition. Interviews exceeded 300.

Questioning brought out that the polltakers did not outline the probable curriculum or costs. The key question was phrased as follows: "In view of the fact that Illinois law encourages development of junior colleges, would you favor creation of a junior college district?"

It was noted that about 30 students in Madison county have taken advantage of the opportunity to seek junior college tuition reimbursement from their home school districts. Educators present conceded that this is a small number but said the tuition law is new and may not be widely understood.

Expected 1100-2000 Students
Figures presented were a probable assessed valuation of \$1,250,000 in the proposed district, with a 1967-68 enrollment of 1100 to 2000.

Survey finding said two-thirds of high school students in this area hope to attend school of the twelfth grade. Of those interested in higher education, 40% said they favor university or transfer courses and 60% desire career-vocational-technical instruction.

Trimpe and Mellott described the survey as indicating strong support for the plan.

No Tolls, Thank You' Signs Posted At Madison Bridge

The city of Madison stopped collecting tolls to cross the Chain of Rocks Bridge at midnight on Monday.

The city council adopted a resolution Monday evening to suspend collection of the tolls until a survey by the Army Corps of Engineers on bridge revenue is completed.

It is expected that the survey and a report will take about six months. But by that time, the new Interstate 270 free bridge adjacent to the old structure is expected to be completed, causing a sharp cut in usage and any revenue of the old bridge.

Mayor Stephen Maerz ordered signs reading "No bridge tolls, thank you," to be posted at the collection station on the Missouri side of the river. Redeem Ticket Books He also advised that holders (Continued on Page 12, Col. 1)

Venice School Budget Up \$104,000; Salaries Rise

A 1966-67 budget and appropriation totaling \$910,513 was set tentatively by the Venice school board Monday night. The figure is \$104,514 higher than last year's budget of \$815,999.

Of the total increase, \$98,333 is in the educational fund, set in the new budget at \$738,243. The building fund budget was set at \$79,526, up \$8316 over last year's \$71,010.

While no figure for the new tax levy was determined, School Supt. John Pier said he expects the tax rate for the educational fund to increase 10 or 12 cents to about \$1.60. Maximum rate for educational purposes currently authorized in Venice is \$1.65.

Pier said the building fund tax rate may increase about two cents, but part of this will be met by an expected drop of 1.5 cents in the bond and interest tax rate.

Set Public Hearing
Board members met Tuesday, Sept. 6, for a public hearing on the budget and appropriation. The hearing will be held in the board offices at the Venice school in conjunction with the regular board meeting, which was set back a day due to Labor Day.

New budget totals of the different funds, in comparison to amounts of the 1965-66 budget passed last year, are:

Educational, \$738,243; revenue for this fund estimated at \$650,216 with a \$147 balance on hand, leaving a possible deficiency of \$88,027. Last year's total for this fund was \$641,910.

Building, \$79,526; anticipated revenue \$64,256 with a \$15,270 balance, leaving a projected deficiency of \$15,270. Budgeted last year, \$71,010.

Bonds and interest, \$55,125; revenue estimated at \$32,388 and no balance, leaving a deficiency of \$22,737. Last year's total was \$50,402 with a \$9758 balance.

Working cash fund for a total deficiency of \$9276. Budgeted last year, \$68,237.

4 DAYS WITHOUT QUAD-CITY TRAFFIC DEATH

The board wants to proceed with construction and have the line moved, later deciding who should incur the expense of moving and relocating the main line.

A meeting with the water firm is now being arranged. The commissioners approved purchase of 1000 tons of rock for the rink's 180x200-foot parking lot from the Columbia Quarry Co.

The rock will be stored at the quarry until it can be used here. Precise cost is being determined.

Discuss Progress
Sternberg explained the meeting was called to discuss progress on right-of-way acquisition for the southern section of the Nameoki road job on which employees are working.

Burglary at Agency
A check protector valued at \$60, a book of blank checks, a camera valued at \$25 and an undetermined amount of money were stolen in a burglary at the Francis Agency, 1412 Twentieth street, it was reported Monday. Entry was gained by prying the rear door with a crowbar.

A doggy bag containing about \$100 in change was stolen during a weekend burglary at the home of Howard Harper, 1247 Edwardsville road, it was reported at 12:40 p.m. Tuesday. The method of entry was undetermined.

Gum, Recorder Stolen
Burglars stole a .22 caliber single action revolver valued at \$50, a portable tape recorder valued at \$19 and a pair of wall-to-wall tapes valued at \$10 during the past two weeks at the home of Robert F. Webb, 2329 Birch avenue, he reported Tuesday. There was no forced entry.

574 Sports Jamboree Contestants Arriving Today by Train, Bus

Parade, Olympic Torch Ceremonies Tomorrow, Starting at 9 A.M.

Tomorrow's activities for the Illinois Junior Sports Jamboree will begin at 9 a.m. with a parade for Madison avenue and along Fehling road to the high school athletic field.

Originating at 26th and Madison avenue, over 1000 participants from throughout the state will proceed north on Madison to Nameoki road, and north to Fehling road where the routing will be along Fehling road to Granite City high school athletic field.

Four members of the Roca young men's club will initiate the festivities for the day by running an 11-block torch relay from the city hall to the stadium before the parade, similar to pre-game ceremonies for the international Olympic Games.

29 Entries in Parade
Led by a police motorcycle escort and marching color guard unit, the parade will feature 29 entries, including a 45-piece band from Scott Air Force Base under the direction of Capt. Harold C. Johnson, who has conducted Air Force bands in England and Tripoli during an overseas tour.

Parade chairman Fred Reagen said that 16 bands of boys and girls and their chaperones who are participating in the three-day jamboree will ride in the procession, and there will be eight convertibles for state and local dignitaries from the Illinois Jaycees, the Illinois Youth Commission and Granite City school district.

Miss GC Float
Lois Huelshamp, Miss Granite City for 1966, will ride a special float constructed for her and her court—Lynn Boswell and Carolyn Randolph, substituting for John Strotheide, who will be married this Saturday.

Louis Meek, director of the GCIS band, will lead his delegation of 100 members. (Continued on Page 12, Col. 1)

Youngsters Representing 192 Ill. Communities To Complete in 41 Events

(Related items on pages 6 & 31)

The welcome mat is out for the hundreds of contestants and interested spectators arriving today for this weekend's 11th annual Illinois Junior Sports Jamboree.

Today begins a 48-hour contest which spreads out over the better part of three days, as 574 boys and girls from 192 towns throughout the state compete for championship trophies in 41 track and field events at the senior high school athletic field. All events are open to the public without charge.

Arriving for an 11 a.m. reception on Saturday will be Gov. Otto Kern, who will personally congratulate the contestants as they appear on stage that afternoon at 1 p.m. for the awards ceremony. The invitational reception for the Governor will be held at the high school at 11 a.m.

GOV. KERN

Tomorrow morning a parade beginning at 9 a.m. will feature John A. Troike, chairman of the Illinois Youth Commission; Wayne Kern, state president of the Jaycees; Granite City Mayor Donald Partney and Russell D. Johnson, superintendent of schools.

Approximately 200 youngsters, more than a third of all those entered in the meet, are arriving on Granite City today on the Gulf, Mobile & Ohio train from Chicago at 5:11 p.m. Most of this group boarded in Chicago at noon, while others joined at the stops in Joliet, Bloomington and Springfield.

At Time by Train
Oliver Swalm of the Illinois Youth Commission, coordinator of the statewide jamboree, said that Granite City's location on the direct line of the railroad made train travel feasible for the first time.

Chartered buses, originating in such points as Rockford, Quincy, Champaign and Carbondale, picking up participants in other towns along the route, will still be arriving until late this evening.

Flag from Nation's Capital to Be Flown

James Burton, Jaycee hospitality chairman, said this week that Cong. Melvin Price is sending from Washington a flag which has been flown over the United States Capitol.

It will be the official flag during the flag-raising and Olympic torch-lighting ceremonies at 10:30 a.m. tomorrow at the high school athletic field in opening of the 41-event meet.

Rep. Price will not be able to attend due to a long-standing commitment in Washington, but he did extend his greetings and "thank-you" for a Jamboree invitation.

Defective Pumps, Old Tunnels Are Levee Problems

Malfuncting pumps at the East St. Louis pumping station and required reinforcement of two large water intake tunnels on the East St. Louis waterfront have developed as major problems requiring an immediate solution, trustees of the East Side Levee & Sanitary district were informed in regular meeting Wednesday.

Chief levee district engineer A. L. Kraemer told the board that the Army Corps of Engineers is pressing for action as soon as possible on the tunnel reinforcement work and also has entered negotiations for repair of the pumps with Fairbanks Morse and Allis Chalmers, who installed the wiring and pump motors in the pumping station.

Kraemer said reinforcement of the water intake tunnels owned by the East St. Louis & Interurban Water Co. has been discussed for ten years without results. Recent letters requesting a meeting with the water company's board of directors have received no response, except for requests for "additional information on the project, the engineer said."

He told the board that the Army Corps of Engineers is holding the levee district responsible for getting the work done and is becoming more insistent in its demands for action.

Kraemer explained that the intake tunnels, made of concrete with steel linings, were built about 1911. A letter from Col. James B. Meador, chief district engineer of the Army Corps, was read to the meeting. The remodeling work is expected to cost about \$100,000.

Could Flood Area

It said in part that further delay in the repair work would "subject the potentially hazardous structure to another year of possible high stages (Mississippi river stages) which could result in failure of your levee protection and inundation of the entire East Side Levee District area."

John Sprague, trustee district attorney, advised the trustees to wait for a reasonable period for a response from the water company to the district's most recent letter requesting a meeting. If no response is received, he suggested, legal action in court should be considered.

Robert Allender, assistant manager of the water company, told the Press-Record there is no attempt to evade meetings with the levee board and that the company is "now looking into several facets of the project."

Allender said the water company has agreed to no plant establishing any definite price on cost of the job.

"There probably will be several meetings before price agreements and divisions of cost for the work is set," Allender added. The levee district said that it will assume part of the cost.

Station Built by C. of E.

The East St. Louis pumping station was built by the Army Corps of Engineers as part of a vast levee improvement program that started about five years ago. The pumping station was

George Kuehn, 62, Dies of Leukemia

George Kuehn, 62, of Ava, Ill., died at 5 a.m. yesterday at St. John's Mercy Hospital in St. Louis where he was a patient since Monday. He had been ill with leukemia for over a year. A daughter, Mrs. Gilbert (Jean) Hall, resides at 2070 Boyle avenue.

Also surviving are his wife, Mrs. Ethel Kuehn (Helen) daughter, Mrs. John (Helen) Bradley, Steeleville; two sons, Richard, Belleville, and Fred, Silvery, Ill.; a sister, Mrs. Robert (Ida) Mann, New Orleans, La., and three grandchildren.

Funeral services will be held Saturday afternoon at the St. Baptist Church in Ava.

Battery Charge Filed

John Walter, 30, of 940 Thirteenth street, was arrested at the police station at 4:05 p.m. Tuesday on a battery charge. He was released on \$25 cash bail pending a hearing.

Bogus \$10 Bill Passed

A counterfeit \$10 bill was passed at the J. J. Newberry store, 19th and State streets, Tuesday, it was reported to police Wednesday. No description of the bill was given.

Resetting the Motors is a Dangerous and Difficult Job

Representatives of Fairbanks Morse and Allis Chalmers have been unable to trace the difficulty, Kraemer said, noting that the trouble is either in the switching gears or the pump motors.

Allis Chalmers Installed the Switching Gear and Pumps

Kraemer said, Representatives of Fairbanks Morse installed the motors for the pumps, Kraemer said. The pumping station is located one-quarter mile south of MacArthur bridge. Kraemer said it will be necessary for the two firms to bring in considerable equipment to trace the source of the difficulty.

The Levee Board also Entered into an Agreement with Swift & Co. at the National Stockyards

to connect an outlet from the company's sewage treatment system into the outlet of the new Lansdowne Sewage Treatment Plant. The packing plant is building its own treatment system and will connect onto the levee district outlet beyond the treatment plant. No fees or charges are involved, board members said.

Payroll, Claims Approved

A payroll of \$33,020 for July was approved. Claims totaled \$14,007. Also approved were bills for Horner & Shifrin, engineering firm, for \$6392; Collinsville Construction Co. for \$2096 for labor and materials, and \$70,121, all for work on the sewage treatment plant.

On a Motion by William M. Ebersold of Venice, the Board

approved authorization for the board president to rent or lease idle equipment owned by the levee district. The board agreed to require a contract on all such rentals, permitting recall of the equipment in the event of an emergency.

Inter-City Race Could Tighten

Mercer to Play Brave Hearts, Mitchell Duel

Only one inter-division game shows up on this weekend's Southwestern Inter-City Baseball League schedule. This is a clash between the two division bottom-runners — Mitchell A. C. of Mitchell and Hearts-Library Home of Granite City. The Hearts are the home team in this 2:30 p.m. Sunday Wilson Park game.

In each case, the other four division battles are between teams next to each other in the standings. The results, in terms of league positions, could prove interesting.

Mercer at Pocatontos
The Blue Division race doesn't figure to tighten much, however. Mercer holds a two-and-one-half game edge over its host in a 2:30 p.m. contest at Pocatontos. The Red Division lead could go to only a half-game if Maryville treats its guests unkindly, a matter Collinsville is sure to be considering seriously.

As for the other two games, East St. Louis Polish-American War Veterans are just a half-game ahead of their hosts at Troy, and East Alton will be trying to inch closer to Harper when it invades East St. Louis.

The Blue and Red of It
With only six weeks to go, this Sunday's four divisional contests might occasion a look at how teams have done against their league next-door neighbors.

Mercer's two losses were in Red teams. They've beaten their Blue brethren eight times. They've notched six Red victories.

Collinsville? Eight of its wins were at the expense of Red Division brothers, who've only beaten Collinsville twice. Collinsville's record in the strong Blue Division is two wins and four losses. Quickly, the other club's Blue Red won and lost records stack up like this: BLUE DIVISION — Pocatontos, Blue 7-5, Red 4-1; Mitchell A. C., 11-267 9-1; Red Division —

Blue Division	W	L	Pct.	GB
Mercer	14	2	.875	—
Pocatontos	11	4	.733	2 1/2
E. St. L. Harper	7	5	.583	5 1/2
East Alton	6	10	.375	8

Mathews Tops With 11-1

Classic Loop Sets Playoff Contests

Mathews Chevrolet will meet Kirchner's Aug. 19 as Wilson Park Classic League playoffs begin, and the Merchants will meet Granite City Steel Credit Union the same evening. Pair-

ings were decided Tuesday night as the loop ended regular play. First-place Mathews, finishing at 11-1, downed the runner-up Merchants 4-3. Marv Brokaw's double was the winners' only extra-base hit in the close game. Ron Dillard had two singles.

For the losers, Tom Tindal sparked a seven-hit attack with three singles. The Merchants' final record is 7-5.

Credit Union finished in third place with a 4-8 record. Carroll Glisson hurled a two-hitter in a 3-2 win over Kirchner's Tuesday. Don Crabtree's homer in the third unlocked a 5-2 tie.

Kirchner's ended the season at 2-10 in fourth place. Jim Davis' single sparked one run in the fourth, and a walk and an error led to the other tally in the fourth. Larry Williams had the other hit, a single, in the fourth.

Buses for Football Game Leaving from Two Points
The Granite City park district has sold all its tickets for the Cardinal Glennon benefit football game. Two special buses will leave the intersection of 27th and State streets at 7 p.m. Saturday.

Two regular Redbird Express buses will leave from the Belleme Shopping Center for the game. Times of departure are 7:10 and 7:40 p.m.

LOCAL SPORTS JAMBOREE hopefuls are shown with Joyce's director and Jamboree meet chairman Paul Morris (holding Olympic torch to be used in tomorrow's opening ceremony). In the foreground, holding a Jamboree pennant, are participants Anna Schilling and Debbie Johns. Standing from left are — Tom Reynolds, Morris and Jack Scarborough.

Inter-City Loop to be In Tourney
Of all the activities and awards which will play important roles in the Illinois Junior Sports Jamboree during the next three days, five 20-inch trophies seem certain to capture the eyes of athletes, officials and spectators.

Donated by the Granite City Steel Management club, these trophies to be awarded at the conclusion of the jamboree are symbols of the most outstanding boy and girl athletes, the boy and girl showing the most sportsmanship, and the most outstanding team.

George Fuchs, 2124 Lindell blvd., former program and membership chairman of the management club, is chairman of the committee which will select winners for the various positions. Those doing the judging during the statewide contest are Dale Orack, St. Louis; Joseph Ossola, Collinsville, for the outstanding boy athlete; B. C. Schwendeman, 1530 Cottage avenue, for the boy showing greatest sportsmanship; Carl Racenas, St. Louis, for the girl showing the greatest sportsmanship; and Jerry Donley, 3149 Myrtle avenue, for the most outstanding city.

The following criteria are to be used in judging the athletes: Sportsmanship — to be awarded to the boy and girl who conduct themselves in the most sportsmanlike manner. Points to be considered are: attitude, team work, compliance with all rules, and general behavior — not only during the events but also in the basis of outstanding individual athletic performances during the state finals.

Senior Khoury League Ending Season Sunday
Granite City Steel Credit Union hosts East St. Louis VFW in a 2 p.m. Sunday game at Coolidge as the Senior Khoury baseball loop winds up play. Credit Union is 11-2, and VFW 12-1.

In the other 2 p.m. game at Lee Park, Belleville meets a record of 11-2, the Venice Mets, now 6-7. The remaining four teams have dropped from the league.

Individual Khoury leagues do not have playoffs. Instead, the top two Illinois leagues and 16 leagues in Missouri have a 72-team Khoury "Tournament of Champions." This begins Aug. 14 at Forest Park, Fairgrounds Park and Carondelet Park.

Pairings in the tournament reflect final league standings. Classification is on an A, B, C, D team basis for equalization. The pairings will be announced early next week.

Mitchell in 18-10 Loss
Jersville hung an 18-10 loss on the Mitchell girls' softball team in a game on the losers' Talley and Joan Minnick both hit dinnies Monday night. Judy honors for Mitchell in the Macoupin-Jersey-Madison Girls' League contest.

One Repeat Performer from '65 Four Local Athletes in Junior Sports Jamboree

Scheduled for appearances tomorrow afternoon and evening in the events of the Illinois Junior Sports Jamboree are four youths from the Quad-Cities:

Jack Scarborough, 11, son of Mr. and Mrs. Jack Scarborough, 3229 Fehling road; Anna Schilling, 12, daughter of Mr. and Mrs. Virgil Johns, 2664 Center street.

Between 1 and 1:30 p.m., Friday, field events will begin at the high school athletic field. Debbie Johns will contest her skills soon after the starting time.

Later on in the afternoon, Tom Reynolds of Mitchell will compete in event No. 14, the first heat of the intermediate boys 100-yard dash. He'll be in lane four. He ran the 100-yard dash in 11 seconds flat at the local meet, and lowered his time to 10.8 at Alton.

Curtis Anders of Moline set the 100-yard dash standard in Charleston last summer with a 10.0 timing.

After dinner is served to the 574 athletes, preliminary track events will begin at about 6 or 6:30 p.m. Jack Scarborough is scheduled to run in the first heat of the midget boys 75-yard dash, event No. 1.

He ran the 75-yard dash in identical times of 10 seconds flat at both the Granite City and Alton preliminary meets.

Gary Ferguson of Bloomington set the record for the dash last year with an :8.7 clocking.

Second Year in State
Anna Schilling, who was a contestant last summer at the Quad-City area. As a midget, she ran the 75-yard dash in :10.5, while in Alton she ran the same distance in :10.2.

She will be in the evening event No. 10, heat one, lane two of the junior girls 75-yard dash. Amy Lee of Bloomington set the standing record in 1965 at :8.8.

Local participants Debbie and Jack are students of Nierding High school, while Anna attends at Elizabeth's school. Tom is a Granite City high school sophomore.

Paddlers Sink Belleville In Tuesday Battle

Being short-handed didn't seem to affect the paddlers swim club in Belleville Tuesday night. The team scored a 408-156 victory, taking all four medal relays and seven of eight free-style relays.

Paddlers had three triple individual winners. Out of competition due to the victory were Mark Dufner, Pete Sabin, Jane Gabriel and Bill Bickhaus.

The victory was the Paddlers' ninth in two days, triangular and quadrangular meets. They are now ready for the conference close contest at Belleville this weekend.

700 Swimmers in Meet
Paddlers' Manager Keith Parker will take 45 swimmers into the eight-team affair, which will start at the Sundowner's pool at 6 p.m. Friday with diving competition.

Competing in the meet at 10 a.m. with swimming continuing all day Saturday will be over 700 entries. Team are Summersport, Alton, defending champion; Sundowners, host team; Dorchester, Herring.

Triple Winners
In Tuesday night's victory, Ann Bickhaus won 15-17 individual medley, 200 meters, 13-14 breaststroke, and 15-17 butterfly. Jim Cunningham won 11-12 medley, 200 meters, 11-12 breaststroke, and 12-14 butterfly. Jimmy Johnson won 15-17 medley, 200 meters, 15-17 breaststroke, 100 meters, and 15-17 free style.

The diving events saw one very close contest. Kay Vandewater of Belleville scored 111.7, and Gayle Thompson and Debbie Byer, both of Paddlers, 113.7 and 113.7, respectively.

On an eight-team novice meet at Marion over the past weekend, Paddlers took a decisive victory, as the depth of its 39 entrants was once again instrumental in victory. The team scored 224 points, Marion 187, and Carbondale 165. Next were Centralia, Alton, Duplo, Edwardsville and Herring.

the downstate fisherman

Light traffic and limited activity described Southern Illinois bass fishing during the past week. Crab Orchard veterans were moaning that the big ones could not be found. At Little Grassy and Devil's Kitchen, few people were even looking for them.

Biggest bass catch of the week was a 7 1/2 pounder taken by Carbondale's Gary Channess at Grassy. He was using an Injured Minnow.

Harvey Brown of East St. Louis, starting his second week of a Little Grassy camping trip, ran his crappie total to 1000. L. Burton of Crete, a flyrod fisherman, picked up 20 bluegill of solid dimensions.

Based between 2-4 1/2 pounds made up a spotty catch report at Devil's Kitchen.

One Devil's Kitchen analyst, hitting with some frequency at the Carlyle Reservoir tailwaters, and bass, bluegill and channel catfish returns are rated good at Washington County Conservation Lake near Nashville.

Channel cats and perch are providing average fishing on the Wabash River at Carmi. Horseshoe Lake (Cairo) crappie and bluegill angling holds at a moderately active level.

Honorary, Buzz's, Merchants Still In

Polish Hall Heads Area Hopefuls at Caseyville

Polish Hall is the remaining Quad-City winners' bracket representative in the 31-game-old and, if a winner then, at 9 p.m. Caseyville State Slow Pitch Tour-nament. Still alive in the loser's bracket are Mexican Honorary, Community Heights Reds were eliminated last night.

May Face Journey Home

Defending champion Polish Hall plays Sunday at 1 p.m. It will face either Collinsville Blaziers or Colona Fargo. If the local players win at 1 p.m., they play Collinsville at 7 p.m. Should they lose, they next play at 1:30 p.m. Aug. 13.

Honorary Plays Tomorrow Night

Mexican Honorary was to have played Tuesday night. Rain forced postponement of an earlier game that would have decided Mexican Honorary's Tuesday opportunity. They now will play at 9:30 p.m. tomorrow. Their opponent will be either Springfield Current's or Fairview Pocket Dairy.

If Mexican Honorary wins, the next game will be at 8 p.m. Saturday. If they win, they play again at 4 p.m. Sunday, winning this game they would come back also at 8 p.m.

Tasmanian's Beat Buzz's

Buzz's lost its first game Tuesday night, being beaten 15-9 by the E. St. Louis Tasmanian Devils. Delbert Cough, homered, singled and scored three times.

Charlie Sabo had two singles. Buzz's will next play at 2 p.m. Sunday. Winning at this point, it would play also at 8 p.m. and then Aug. 13 at 1:30 p.m.

The Merchants stayed very much alive in the loser's bracket last night by clubbing Fairview Elletts 12-2. George Sykes, Larry Lilly and Larry Miron each hit homers. Lilly's round-tripper started a five-run fifth inning for the winners.

The Merchants now come back at 9 p.m. Saturday. If successful they will play at 6 p.m. Sunday and, if a winner then, at 9 p.m. Should they continue winning, their subsequent game would be Community Heights Reds were eliminated last night when they lost to Urbana Busk Bank 16-13.

The Reds came from behind three-four in a wild game. The Reds were in the sixth with four runs to lead, they next play at 1:30 p.m. Aug. 13.

Blow leads was the pattern

last night. The Tasmanian Devils have an eight-run lead vanish in the top of the seventh in its game with Caseyville VFW. The host VFW team went on to extra innings to win 18-16.

Polish Hall in Tavern Loop Win

Polish Hall kept in shape for its role in the Caseyville State Slow Pitch tournament by beating Keith's Lounge 12-7 last night in the only Tavern League action at Lee Park.

Tavern League standings now: Polish Hall 9-1, Buzz's 6-3, Liberty Home 6-3, Keith's Lounge 5-6, Roxie's Tavern 5-6 and Club Delmar, which left the loop, 0-12, 31, 1967.

Warning Given Regarding Litter On Beach, River

The Illinois Department of Conservation wants that cans, bottles, plastic or paper plates, broken glass and other debris are being discarded on beaches and sandbars and in waters of rivers and lakes.

In some locations, such as on sandbars of the Upper Mississippi River that are attractive areas for boat camping, the accumulation of litter is not only a sanitary problem; it is a menace to safety and health, a spokesman said. Trash barrels more heavily used sandbars, but evidently some boaters make a little use of them.

It is a violation of the Illinois Fish Code to throw wire, cans, bottles, broken glass, paper, wooden cutlery or boxes and other materials in any Illinois water or on the ice, or in any place where such material may be washed into the water by storms or floods.

Boating associations recommend that boaters dispose of trash accumulated during a boat trip by taking it home with them and placing it in the family garbage can.

Seasons for Hunting and Trapping Set

Hunting season for cock pheasant and Hungarian partridge this year is from noon Nov. 11 to sunset Dec. 11. Bag limit is two, and possession is from noon Nov. 11 to sunset Dec. 31. Bag limit is eight, and possession is 16. Opening day limits are the same for all three game birds.

Sunrise Nov. 19 to sunset Jan. 31, 1967, is the season on rabbit this year. Except on opening day, when possession and bag limits are the same, bag limit is five and possession 10.

Raccoon, opossum, skunk and pitch hunting season is from noon Nov. 10 until noon Jan. 31, 1967. Trapping season of these four animals plus mink and muskrat is from noon Nov. 25 until noon Jan. 5, 1967, below U.S. Route 36.

Venice-Cahokia Team Improving Its Record

Venice-Cahokia has improved its record in Twilight Girls' League play. The team notched a pair of wins over Belleville early this week and is now 9-15 with three games to go.

Tonight, the squad hosts Collinsville at Lee Park in an 8:15 p.m. game and then hosts Graf-ton tomorrow night before playing a remaining game at East St. Louis Aug. 11. The league playoffs will start at Wood River the next night.

Class A Tourney For Wilson Park

Pairings will be announced Sunday for a three-team regional tourney at Wilson Park to determine berths in the State Class A softball tournament at Alton Aug. 17-22.

Playing here in two games on Aug. 14 will be Mathews Chevrolet, Alton Chiefs and Alt-Wood Merchants. All three will advance into the Alton 16-team single-elimination meet.

Raccoon, opossum, skunk and pitch hunting season is from noon Nov. 10 until noon Jan. 31, 1967. Trapping season of these four animals plus mink and muskrat is from noon Nov. 25 until noon Jan. 5, 1967, below U.S. Route 36.

Dog Owner Sought To Avoid Shot Series

Mrs. Charles Libby, 1628 Venice avenue, is anxiously awaiting word from the owner of a dog that licked her left ankle last week while she was shopping in a store in East St. Louis.

Mrs. Libby said that sores ap-

peared on her leg the next day, and that her physician told her antirabies shots would be needed if it could not be learned whether the dog had been inoculated. The deadline is Monday.

The dog was a light gray and black Chihuahua.

She told the Press-Record that the dog was on a leash tended by a young boy, seven or eight years old. "He asked me if the dog had bitten me," Mrs. Libby said, "and then left after I said he hadn't."

Mrs. Libby was in the auto parts department of the East St. Louis Sears store where the incident occurred. Anyone knowing the whereabouts of the boy is requested to call her at TR 6-7856.

Golf Club Board Waiting for Details

Directors of Sunset Hills Country Club met last night for an exploratory session to determine steps to be taken to rebuild the clubhouse, a major portion of which was destroyed in a \$100,000 blaze July 25.

Dr. Henry Malench of Edwardsville, board president, presided at the meeting held at Sunset Hills Holiday Inn. Directors agreed it would be another month before a decision can be reached, since the detailed amounts of the loss and the insurance settlement have not been determined.

The clubhouse basement, which serves as the men's locker room, is to be roofed as a temporary measure to keep the club in operation.

Army Materiel Command In 5th Operating Year

The Army Materiel Command, which began its fifth year early this week, has reacted quickly to meeting increased Army requirements for supplies, weapons and equipment, according to an anniversary statement by Army Chief of Staff General Harold K. Johnson. The Granite City Army Depot is a facility of the AMC.

"Your record of achievement in providing the Army with fighting tools and material of highest quality is one in which each member of the Command can take pride," Johnson added, "for you have applied the latest developments in science and technology to give today's American soldier the equipment he needs for superiority on the battle field."

Significant actions to streamline the AMC organization were taken during the past year through its merger with the supply and Maintenance Command. General Frank S. Beason Jr., commanding officer of the AMC, said: "The merger will clarify command responsibilities, expedite the decision-making process, and provide more cohesive and responsive organization with sharper focus on the development and support of material to meet requirements of the field forces."

Nine-Inch Egg Found By Local Resident

Mrs. William Lupa, 1835 Rhodes street, found a nine-inch egg while gathering eggs at the home of her brother, Stanley Perjak, at Ashley, Ill. She told the Press-Record this week.

She said a White Rock hen laid the egg, which measured nine inches the longest way around and nearly eight inches at the shortest end.

Motorcyclist Hurt; Auto Backing Up Hits Woman, 71

Seven persons including a motorcyclist and a woman, 71, who was struck by an auto being operated in reverse over a sidewalk were injured in five of 17 traffic mishaps occurring in the area this week.

Harold Clements, 23, of 2143 Benton street, was admitted to St. Elizabeth Hospital at 6:15 p.m. Tuesday with injuries sustained in a motorcycle accident.

He was treated for abrasions and cuts to his left eyebrow, shoulder, forearm, hand and ankle and both knees. It was reported he swerved to avoid a dog. The location was not learned.

Mrs. Ida Cassel, 71, of 2803 Grand avenue, was injured while walking on the sidewalk at 2544 State street where an auto driven by Richard W. Turpenoff, 18, of 2537 State street, knocked her down at 2 p.m. Wednesday.

Police said he had backed out of a driveway across the street and onto the sidewalk. He was charged with failure to yield right-of-way to a pedestrian and was summoned for a hearing by Aug. 31.

Girl on Bicycle Hurt

Carole Sulic, seven, daughter of Mr. and Mrs. John Sulic, 3156 Carlton avenue, was injured when she turned her bicycle into the side of an auto driven by Mildred E. McFain, 3668 Nameoki road, who was passing the bike at 7:25 p.m. Monday in the 3100 block of Davis avenue.

The girl was taken to St. Elizabeth Hospital for treatment of abrasions to her head and arms. She was released.

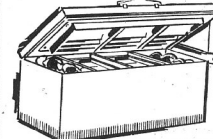

Ralph E. Edwards, 17, of Rural Route One, and two passengers in his auto were injured when it struck a parked car owned by Ralph J. Cox, East Alton, at 4:40 p.m. Wednesday at 18th street and the railroad crossing. The passengers were Willie E. Bailey, 18, and J. B. Deering, 26, both of 2847 Harding blvd.

Edwards was charged with careless driving and was summoned for a hearing by Aug. 17. Martin Bolt, 24, of 2014 West 28th street, complained of pains after her auto collided with another driven by Donald A. Achison, St. Louis, Monday at 14th and State streets.

Venice Park Board To Push Erection Of New Buildings

Plans to develop a new community-recreation center and administration building in Lee park were discussed at a meeting of the Venice park board Tuesday night.

The new buildings were proposed several years ago when park district residents approved an increase in the tax rate. Architect Virgil Dulgeroff has started to work on plans and sketches as an over-all program to bring Lee park up to date. No estimate of cost or details have been made.

Efforts will be made to obtain federal funds for the project, and park officials will attend a meeting this weekend in Chicago to study methods of obtaining U. S. assistance in the purchase of land, erection of buildings and beautification and recreation development.

Marion Groshong, park superintendent, said the program may mean the acquisition of certain lots and buildings adjacent to Lee park.

Attending the session, sponsored by the Chicago park district, will be William Ohlendorf, board president; Charles Simmons, John Mitchell, Thomas Bruder, Harry Hartman, park attorney, and Groshong.

MORE ABOUT 574 Sports

evening with all other contestants.

The Granite City Jaycees, who are serving as hosts to the visiting athletes (ages 10 to 15), are well-prepared to house the contestants and their chaperones, one for each set of six youngsters. The gymnasiums of Granite City high school and Coolidge junior high have been turned into the "largest dormitories in this area."

Three hundred-two boys will bunk in the junior high gym, while the 272 girls set up quarters in the girls gym at the senior high school. Scott Air Force Base, the Illinois National Guard and several local organizations have donated 900 cots for the youths and their chaperones.

At a recent meeting of the co-sponsors of the meet, the Illinois Jaycees and Youth Commission, one official suggested that two sheets and a pillow case be handed out to each contestant as he or she arrived. In this way they could make their own beds.

Jayceettes Pitch In
However, another member laughingly pointed out, "Can you imagine the confusion of 202 boys trying to make their beds at the same time?" The Granite City Jayceettes undertook the tremendous task Tuesday afternoon.

Tonight box lunches are to be served to the junior athletes upon their arrivals. Continuous entertainment until 10 p.m. is to be provided by "The Invaders," with lights out in both dormitories at 10:30.

Downtown merchants, shopping centers, banks and other storefronts display pennants and bunting for the occasion. Red, white and blue banners with a "Welcome Junior Sports Jamboree" emblem greet the visitors were put up through the efforts of David Brewer, a local Jaycee, who contacted the many businessmen involved.

After this, all contestants will remain in the high school stadium stands for the traditional track clinic, at which rules of the meet are spelled out and demonstrations are given of starting procedures and techniques.

Following lunch, the competition will begin at 1 o'clock with field events: hop, step and jump for the midges, broad jump for the juniors and intermediates, and high jump and baseball throw for all classes. All events Friday afternoon will be finals.

Watermelon Party, Dance
An early supper at the high school cafeteria will be followed by the start of the track preliminaries at 6 p.m. The track events will continue under the lights, and will be followed by a watermelon party and outdoor dance.

Track finals are scheduled for Saturday morning, starting at 9 o'clock. Luncheon will be served in shifts to permit the start of the awards ceremony at 1 p.m. in the main gym of the high school.

Trophies will be presented by Miss Granite City, Lois Jeanne Heiskamp, and her court, Lynn Ann Boswell, second runner-up at the local pageant, and Carolyn Randolph, Miss Congeniality.

Contestants will board buses for the homeward trip at approximately 3:30. The last contingent to leave will be the train passengers, who will board the northbound GM&O at 5 p.m. Co-chairman Boyd Frexley and Herbert Siebert have announced that all events at the stadium and the Saturday afternoon awards ceremony are open to the public without charge.

Programs, listing contestants by name, number and hometown, will be distributed at the gate.

Poag Cantaloupes Now on Market

Poag cantaloupes are going on the market en masse this week, even though the summer season peak has not been reached.

A spokesman for the melon-growers in the area north-east of Mitchell told the Press-Record today, "the crop is good, fresh, large and tasty."

Watermelons are reaching their prime, but the bumper crop is not expected for another several days.

Work on New Anchorage Units Is on Schedule

A 100-apartment addition to the Anchorage, the Granite City Housing Authority's project for elderly individuals and couples, is being constructed on schedule and may be completed by mid-winter.

The latest monthly progress report, submitted to housing commissioners Tuesday night, showed brick walls completed on many of the 19 new buildings, with utility installations continuing at some. Paving of streets will be the next task.

In addition to the 19 multiple-unit structures, current work by the Cannon construction firm of Wood River includes an addition to the recreation building. All utility lines are to be placed underground.

The new apartments will double the size of the Anchorage. The construction report was submitted by Executive Director David Morgan, and the meeting was conducted by chairman Walter Pfaff.

The city will continue to employ at least two men for daily shift to maintain accurate traffic counts, expedite traffic and protect the interests of the city and the motorists, Mayor Maeras said.

Continue Insurance

He added that the city must maintain the property, including insurance. "It's quite an investment. We can't drop it," the mayor said, "and we might be back in the bridge business after the Corps of Engineers study."

The city council action came as a result of criticism by the Missouri highway commission, which sought to have the 25-cent tolls removed or reduced immediately. An injunction suit was filed in the St. Louis circuit court last week and a receiver was appointed to handle all funds collected.

A court hearing still is set for 10 a.m. Aug. 16 in the St. Louis circuit court.

Anticipate Action

But Mayor Maeras anticipates some action before then. The court will be asked to remove the receiver, as there no longer is any money to collect.

The mayor added that Missouri officials will be asked to inform the court of the council's resolution and to drop the suit. From receipts held by the receiver will come payment of bridge bills and salaries, expenses of the court action and payment of the receiver's salary. The First National Bank of St. Louis was designated as depository for the funds.

The preliminary investigation of tolls was completed Tuesday by the Corps of Engineers and has been forwarded through channels to the Chief of Engineers, Col. James B. Meador Jr., district engineer, announced.

The preliminary investigation was conducted under the acts of Congress authorizing the construction of bridges over navigable waters in which the secretary of the Army is authorized to prescribe the reasonable toll rates.

"Wonderful 27 Years"

The mayor commented that the bridge "has been a wonderful thing for the city. We're doing what we're doing in all good faith. Everyone has been more wonderful to us for the last 27 years."

"We are willing to abide by the laws as they effect us." Meanwhile, efforts are under way to determine another use of the bridge property, one that also could provide income to the city treasury.

MADISON

MRS. LENNA WILLIAMS
1638 Sixth Street - TR 7-9317

HERE FROM BOSTON

Paul A. Brawley, son of Mr. and Mrs. Paul V. Brawley, 208 Sixth street, East Madison, is visiting his parents and friends. He is now residing in Boston, Mass., where he is pursuing graduate studies in library administration at Simmons College in Boston.

BRIDAL SHOWER FOR MISS KAREN LYBARGER

Miss Karen Lee Lybarger, daughter of Mr. and Mrs. Jeanette Lybarger of Troy, Ill., was honored with a bridal shower Sunday afternoon.

The shower was given by Mrs. Ruth Nicholas, Mrs. Charlene Burns, Mrs. Janice Rice, Mrs. Clova Howard and Mrs. Shirley Rapoff, her aunts, at the home of Mrs. Sharon Gregg, Fourth street and Washington avenue, Madison, Mrs. Gregg is a cousin of the bride-to-be.

The Gregg home was appropriately decorated for the occasion, using streamers and wedding bells. The gift table was centered with a shower umbrella, with packages placed around the umbrella.

Favors at each place setting were simulated wedding, ring boxes. Refreshments were served, including home-baked cakes. Games were played, with prizes being awarded to each winner. Those present were Mrs. Gusie Hessman, grandmother of the honoree, Mrs. Lela Lybarger, mother of the bride-to-be, and Mrs. Emory Veach, Mrs. Judy Schiltbrand, Mrs. Judy Donaldson, Miss Patti Jean Lybarger, Mrs. Kathy Lybarger, Mrs. Mary June Freeman, Mrs. Marian Farmer, Mrs. Rose Rogier, Mrs. Mary Wood, Mrs. Rita Lybarger, Mrs. Jean Lybarger, Mrs. Anita Lybarger, Mrs. Rita Douglas, Mrs. Shirley Lybarger, Mrs. Mary Lahey, Mrs. Mary Lou Lybarger and Miss Sheila Nicholas.

Miss Lybarger will become the bride of Robert Freeman, Aug. 19 at the Methodist Church in Collinsville.

VACATION IN WEST

Mr. and Mrs. Rube Payne, 222 Granville street, Venice, and Mr. and Mrs. Ralph Matheson and Curtis and Gregory, Granite City, returned to their homes Tuesday after an eleven-day vacation. The families motored to the state of Washington, where they were guests of Mr. and Mrs. Allen White and son, Jesse.

Several points of interest were visited, with the group returning to the White home, 1700 western tour covered 6000 miles.

PAST NOBLE GRANDS PLAN ANNUAL DINNER

The Past Noble Grand club of Delray Rebekah Lodge 786 met Tuesday evening in the home of Mrs. Lucille Veach, 2037 Rhodes street. Mrs. Virginia Gall was co-hostess for the monthly meeting.

Mrs. Estelle McBrien, president, presided over the short business period. A chicken dinner and bazaar was discussed, and plans have been made for the annual event to be held Sept. 5 at the Odd Fellows hall in Madison.

Lunch was served to Mrs. Mary Canole, Mrs. Lillian Holtzsch, Miss Margaret Brown, Mrs. Minnie Perry, Mrs. Belle Clemens, Mrs. Ruth Haunbrink, Mrs. Leora Rogers, Mrs. Edna Foster, Mrs. Dorothy Gregory, Mrs. Chloe Maxon, Mrs. Naomi James, Mrs. Verna Williams and Mrs. McBrien.

Mrs. Rogers will be the next hostess in her home, 2280 Iowa street, Sept. 6, with Mrs. Gray

as co-hostess. A social hour followed the business period.

DEMOCRATIC CLUB MEETS

The Madison Ladies Democratic club met Monday evening at the Sportsman's club for a monthly meeting. Mrs. Marie Stawar, president, presided over the meeting opened by the pledge of allegiance to the flag.

Mrs. Hazel Swiger, chaplain, led the group in the Lord's prayer in union. Mrs. Zella Niehaus and Mrs. Sophie Derner were welcomed back into the club.

Mrs. Stawar and Mrs. Josephine Khezevich are to attend a testimonial and fund-raising dinner for Donald Prince, candidate for state superintendent of instruction Aug. 10 at Augustine's, Belleville. Mrs. Ida Dant and Mrs. Maxine Costoff will also attend the dinner.

Mrs. Costoff reported that profits from the sales of certain items connected with the Madison diamond jubilee will be donated to the club. She also reported that plates ordered for the event are available, and those signing up for the plates are to contact the public at \$2 per plate. Cards were signed by the club members to be sent to the family of Mrs. Edna Austin and to Mrs. Effie Cleveland.

A social period was enjoyed after lunch was served by Mrs. Stawar and Mrs. Hlava to Mrs. LaVerne Harris, Mrs. Caroline Prentiss, Mrs. Khezevich, Mrs. Hazel Swiger, Mrs. Aronica Kula, Mrs. Nettie Gnojewski, Mrs. Dant, Mrs. Derner, Mrs. Costoff, Mrs. Niehaus, Mrs. Ann Bialczak and Mrs. Frances Troits.

Mrs. Swiger, Mrs. Kula and Mrs. Gnojewski will be hostesses for the September meeting.

NEW BRIDE HONORED

Mrs. Judith Ann Clark Baker was honored with a shower Sunday afternoon at the home of Mrs. Clarence Brown, 610 Grandview place, Edwardsville. The shower was given by Mrs. Brown, Mrs. Patricia Ann Waring and Mrs. Kathleen Dollins.

Mrs. Baker was married July 2 and the miscellaneous wedding shower presented her with useful articles for her home. The home of Mrs. Brown was appropriately decorated, using white streamers and wedding bells.

Games were played and prizes were awarded. A pink floral arrangement centered the refreshment table.

Those seated were Mrs. Patricia Peckay and daughter, Lisa, Mrs. Arlene Woodson, Mrs. Rose Ellen Edmonds, Mrs. Helen Pichford, Mrs. Freda Kraus, Mrs. Carolyn Astcraft, Mrs. Grace Brown, Mrs. Susie Dittich, Mrs. Dorothy Graklanoff, Mrs. Sophie Petrosky, Mrs. Sophie Kraus, Mrs. Ann Petrosky, Mrs. Valeria Neubauer, Mrs. Patricia Besseman, Mrs. Nellie Barge, Mrs. Carolyn Antonovich, Mrs. Viola Lick, Mrs. Mildred Kraus, Mrs. Ebeleen Wheeler, Mrs. Ann Warming, Mrs. Jeanette Dollins, Mrs. Jeannie Kowalski, Mrs. Mary Laub, Mrs. Darlene Laub, Mrs. Viola Buente, Mrs. Leona Clark, the honored guest's mother, and Mrs. Frances Baker, the groom's mother.

Cutting Winter Feed Bills

Cut winter dairy feed bills with high-quality hay.

Quality is important because it helps to determine the amount and kind of high-priced supplemental feed that must be bought, says Leo R. Fryman, extension dairy specialist at the University of Illinois College of Agriculture.

Most of the feeding value in legume hay is in the leaves. For example, alfalfa leaves contain 20 to 25% of protein, while the stems contain less than 9%.

Loss of leaves in making hay causes a loss in protein feed and lowers total yield. For that reason it's important to get those leaves into the barn.

One of the most important ways to get high-quality hay is to cut the crop early. Cut legumes in the bud to early bloom stage. Crops cut for hay later than that lose their leaves easily.

Rake green hay while it is still moist and tough, and finish drying in the window or with a barn dryer. Hay that is completely dry before raking loses its leaves easily.

Leaving the hay in the field exposed to the sun for several days cuts down the feeding value of the crop, and a hard rain will shatter many leaves. Watch the long-range weather forecasts closely to help decrease the danger of rain on your cut hay.

Use of a hay crusher will speed drying time and further reduce the danger of having rain hit your drying hay. Crushing may sometimes cut drying time in half.

According to University of Illinois dairy scientists, much of the usual midsummer drop in milk production in herds on pasture can be prevented by supplementing feeding of good-quality hay, silage or grain and by provision of shade and water.

You should begin supplemental feeding before milk production starts to decline. Use grain mixtures that contain 14 to 15% crude protein and that are high in energy. Also give constant access to a mineral containing at least 15% phosphorus.

Grasshopper Problems
Grasshoppers are numerous in occasional hay fields and heavy or 1 quart per 100 gallons. Re- along some roadsides, ditch peat the treatment as needed.

Forces Two Charges

Roy Wiggins, 47, of 1300 Grand avenue, was charged with disorderly conduct and intoxication at 7:55 p.m. Wednesday. He complained of pains in the ribs and was taken to St. Elizabeth Hospital where x-rays were taken. They were negative.

Surviving are his wife, Mrs. Rosalie Downs, six sons, Gary, Les, Robert, John, Daniel, Gary, Lynn and Darin, Lenzberg; five daughters, Robin, Teania and Juanita. Marie of Lenzberg, Glenda and Roy of Whitehall, Ill.; three brothers, Carl, Madison, Eugene, Granite City, and William, St. Louis; seven sisters, Mrs. Frank (Lorraine) Rodriguez, Mrs. Pauline Hartley, Mrs. Esther Barrows, Granite City, Mrs. Bernice Pratt and Mrs. Margaret Gilbert, East St. Louis, Mrs. Dolores Shock, Huntington Beach, Calif., and Miss Shirley Downs, Grand Rapids.

Funeral arrangements appear in today's obituary column.

Carbaryl at 3/4 pound per acre as a spray is best for grasshopper. Dislodge at 1/2 pound, malathion at 1 pound, and naled (Dibron) at 3/4 pound per acre are also effective. When treating forage crop fields, allow 10 days between treatment and harvest with dislodge and 4 days with malathion. There is no waiting period for carbaryl or malathion.

Mimosa webworms attack the leaves of honey locust and mimosa. The small green caterpillars are active in bunches of leaflets. They skeletonize these leaflets and then form a new nest. The old nest turns brown and the leaflets die. The worms now feeding are the first generation. There will be a second and possibly even a third generation this year. Spray infested trees with malathion using 2 teaspoons of emulsion concentrate per gallon of water. This is 1 quart in 100 gallons of water.

Elm leaf beetles are skeletonizing the leaves of Chinese elms and to some extent other elm species are affected. These small dirty, yellow to black worms can be found on the underside of leaves. If control becomes necessary, use a spray infested trees with malathion using 2 teaspoons of emulsion concentrate per gallon of water. This is 1 quart in 100 gallons of water.

The sticky substance found on leaves of shade trees, sidewalks and automobiles is most likely honeydew produced by aphids. Aphids are small green, red, or black sucking insects that suck sap from plants and excrete a sticky substance called honeydew. A sooty mold often grows on the honeydew to blacken stems and foliage. This mold may even be a third generation and stems being fed on by aphids may wilt and become shriveled. For control, spray infested trees and shrubs thoroughly with force. Use 2 teaspoons of 50-57 per cent malathion emulsion concentrate per gallon of water.

Grasshoppers are numerous in occasional hay fields and heavy or 1 quart per 100 gallons. Re- along some roadsides, ditch peat the treatment as needed.

Drive Produces SIU-SW Housing

A substantial increase in the availability of off-campus living space has resulted from a public information campaign begun last fall, it was announced today by the Southern Illinois University—Southwestern Campus housing office in cooperation with the office of the Dean of Students.

In a series of personal calls, University officials talked with area househoulders to encourage them to list with the University rental facilities that can qualify as accepted housing for unmarried graduates according to standards set by the trustees.

Beginning with only a few listings last fall, the Housing Office now has inspected and approved 138 facilities with living quarters for 250 single students in Edwardsville and nearby communities.

Single graduates not residing with parents or guardian are permitted to live only in accommodations which have official approval.

RUTH FORD CIRCLE HEARS BOOK STUDY

The Ruth Ford circle of Second Baptist Church met Tuesday evening with Mrs. Naomi Roney in charge. The song, "Teach Me to Pray," was sung by the group and Mrs. Paulette Humphrey gave opening prayer.

A book study, "Christian Science," was presented. Mrs. Roxie Sadler gave prayer for the sick.

Refreshments were served by Mrs. Ruby Mayberry to Mesdames Mina Duggins, Lena Stevens, Georgia Mitchell, Dena Watson, Aline Phillips, Elinor Yates, Florence Paul, Dorothy Barnes, Gollie Smith and guests. Mrs. Humphrey, Mrs. Tillie Naylor and Mrs. Johnson.

Easter Seal Tiny Tim School to be Opened Locally

The Easter Seal Society of Madison County today announced plans to open a new pre-school for physically handicapped children in Granite City.

The school is to be known as Easter Seal Society Tiny Tim School of Granite City and is to be taught by Mrs. Mary Horn, an occupational therapist. She has spent much time with handicapped children and has worked several summers at the Easter Seal Day Camp, Monticello College.

The pre-school will be held in the educational building of Central Christian Church, 2020 Johnson road. The church council has consented to give to the Society the use of space in the building.

Commenting "We feel this would be putting our facilities to very good use and is in keeping with our policy to serve the community as best we can."

The school will open in the middle of September, and classes will be held three afternoons a week during the school year.

Easter Seal Society has a speech clinic in Venice, speech therapy and pre-school in Alton, and a pre-school in Edwardsville.

"If you are a parent of a handicapped child aged three through seven and wish your child to benefit through this program, or if you know anyone who might be interested, please call or write for further information. Executive Director Marie Rapp said. The address is Easter Seal Society of Madison County, Sixth and Alby streets, Alton. Telephone number is 462-8897.

All applications must be in by Aug. 25.

At each session, a volunteer is needed to assist the teacher. Those interested in volunteering for a half-day or on a substitute basis may contact the Easter Seal group at the Alton address.

Price Has Books Outlining Financial Aid to Students

Congressman Melvin Price, D-East St. Louis, announced today that he had prepared a student assistance handbook that is available through his office upon request.

Price said the pamphlet is a federal, state and private financial assistance programs for college-bound students. He indicated the report was compiled to provide interested students with ideas on where they might possibly obtain financial aid.

Price noted that his office has been receiving an ever increasing number of requests about student aid programs. He said it might be helpful to have available for free distribution an authoritative source that students

Roger R. Martin Jr., 43, Dies in California

Roger R. Martin Jr., 43, son of Mr. and Mrs. Roger R. Martin, 2027 Iowa street died at a heart attack at 5 a.m. yesterday in Longdale, Calif., where he resided.

Mr. Martin, born in Venice, was a 31-year resident of the Quad-Cities before moving to California. He was employed as a public accountant and was a veteran of world war II.

Also surviving are his wife, Mrs. Mary Jane Martin; two daughters, Mrs. Donna Cass and Mrs. Diane Martin; both of Madison; two sisters, Mrs. Joseph (Lois) Folk and Mrs. Linda Prieswood, both of San Valley, Calif.; two brothers, Rev. Clyde Martin, Montclair, Calif., and Rev. Buel Martin, St. Charles, Mo.; nine nephews and three nieces.

Funeral services will be held Monday in North Hollywood, California.

Auto Hits Pole

An auto driven by Theodore J. Balhausen, East St. Louis, was damaged at 3:45 p.m. Tuesday when it struck a utility pole at Sixth street and Madison avenue as Balhausen was making a left turn. He told Madison police that he was swerving to avoid hitting a pedestrian. His car was damaged on the left front and left side.

Adventures in Food

John W. Allen
Southern Illinois University

Most persons have a reasonable amount of curiosity as well as a built-in urge to explore and adventure. They want to go beyond the routine of the everyday and commonplace. They want to meet new people, view new scenes and gather new experiences.

Since new scenes, new people and new experiences seldom are thrust upon us and it often is not convenient to travel great distances, why not turn an urge to venture and explore toward opportunities near at hand?

An available field of exploration was suggested by the recent reading of "Edible Wild Plants of Eastern North America." It aroused memories of past eating habits, and of "obscure" foods, if foods become obscure. It also brought to mind other unmentioned plants that furnished food, condiments, medicines and appliances.

Old Foods Can Be New
There is ample opportunity to explore and experiment with old foods, foods so old they are new to most persons. These foods, out of necessity, were used before the methods of mass production, preservation and transportation available today were known.

People then literally were forced to live off the animals and plants available. In the selection and preparation of these they often learned from the Indians. There literally were hundreds of food plants. A few are mentioned.

One of the more inviting native foods that still survive today, steadily diminishing a mount, came from the maple tree. During the next season for making maple sirup and sugar why not go native and try it? This can be done with two or three available sugar maple trees, a half- or three-quarter inch auger, a few spiles that may be fashioned from elderberry stems in clean containers to use as sap buckets, and an iron kettle to swing on a pole over an open fire.

About 6 Sugar Camps
Perhaps a half dozen "sugar camps" may be found in southern Illinois in the spring where there were scores of them 125 years ago. If no maple trees for tapping can be found, the true adventurer may turn to birch, box elder, sycamore or hickory. And if the sugar made from hickory is as delightful as favored as the candied sap that congealed on the end of hickory legs burning in an open fireplace, the operator will not be disappointed.

flower seeds, berries from the would have them?

toffee bean tree, sweet golden rod, wild mints, holly leaves, penny royal, or birch buds in season. When coffee becomes monotonous, try some of these.

If a host wishes to give guests something new to nibble, why not set out a sampler with sweet flag, calamus, wild ginger, homemade horchound candy, elderberry roots, and young hardhack roots, all properly prepared or freshly roasted. Come to think of it, "Edible Wild Plants of Eastern North America" doesn't mention sweet roots nor the delight of candied juice that exuded from the ends of hickory logs burning in the fireplace. Some also may remember the rare gum of chestnuts roasted in the ashes.

The woods and streams always offer. Many an older will recall the delightful wild "sautee" gathered from fields, fence rows, and woodlands. On rare occasions one still may see red mulberry to provide delectable nibbling, that is if the If you are as old as I, you'll wish you could stop and eat with them.

Try to find a scarred sweet gum tree and gather some gum to chew, different and no caution.

Many an older will recall the delightful wild "sautee" gathered from fields, fence rows, and woodlands. On rare occasions one still may see red mulberry to provide delectable nibbling, that is if the If you are as old as I, you'll wish you could stop and eat with them.

Jeri Straka Cast in Chinese Play at EIU

Miss Jeri Straka of Granite City is cast in a traditional Chinese play to be presented at Eastern Illinois University Friday through Monday.

George R. Kernodle, professor of dramatic art at the University of Arkansas, is directing S. I. Hsiung's 800-year-old play "Lady Precious Stream."

Pfc. Drayton Arrives In Germany for Service

Pfc. Paul Thomas Drayton, 19, son of Mr. and Mrs. Paul McKinley Drayton, 810 Franklin street, Madison, has arrived in Germany for service as a warehouse clerk with the U. S. Army Adjutant General Support Center.

A 1964 graduate of Madison high school, he entered the Army last Jan. 17, completed basic training at Fort Leonard Wood, Mo., and served at the Aberdeen Proving Grounds, Md. Before entering the service, he was a machine operator at Granite City Steel Co.

Park Summer Programs Attendance—28,000

Mrs. Helen Bjorkman, area supervisor for the Granite City park district's nine playgrounds, said this week that attendance was 28,780 in the summer youth programs which were completed last week with a family picnic.

Total attendances for the eight weeks at each school district playground with daily and weekly attendance in parentheses: McKinley—2098 (36 and 262); Niedringhaus—3238 (54 and 232); Nameski—4800 (88 and 409); Logan—2707 (48 and 224); Webster—5338 (93 and 477); Community Center—2054 (40 and 132); Salvation Army—878 (24 and 100); Wilson—3633 (82 and 380); Marshall—3465 (84 and 387).

Also released from the park office were winners for last week's tournament at McKinley: Debbie and Jim Duckworth, Jo Ann Wiser, Linda Tucker, Albert Pelate, Jim Byrne, and at Niedringhaus: Becky Batson, Bobby Saurcke, Irene Hauptman, Joe Busumi and Earl Penrod.

Enrolls in University

Thomas S. Ashbury of Granite City is among 247 students who have been admitted to Washington State University for the fall semester.

Airman Swift Given Rugged Combat Course

Airman Third Class Gary W. Swift, 19, son of Mr. and Mrs. E. G. Swift, 111 Granville street, Venice, recently completed combat and survival training at Hunter Air Force Base, Ga.

The course, in which he underwent some of the rigors of combat, was part of his special qualification for an Air Force job that could take him almost any place in the world.

Airman Swift is assigned at Robins AFB, Ga., as a member of an Air Force Communications Service unit. It stays ready for deployment to provide communications and air traffic control support for global U. S. operations, including assistance during civil emergencies.

During the rugged 19-day AFOS school, Swift was instructed in warfare tactics, including hand-to-hand fighting, and was given strenuous physical training. As part of a course, he was "interned" in a prisoner of

SIU Theater Plans Second USO Tour

Southern Illinois University's Carbondale Campus theater department next winter will make its second USO tour to military installations of the Northeast Command.

Archibald McLeod, department chairman, said Southern is one of nine colleges and universities selected to stage plays before U. S. armed forces in various parts of the world. The Southern Players made its first USO tour—also the Northeast Command—in February 1963. The troupe also gave a special performance in the Icelandic National Theater under auspices of the State Department.

Growth in Off-Campus Housing at Carbondale

Southern Illinois University students seeking off-campus housing in Carbondale can afford to be more selective this fall, according to Anita Kuo, SIU director of off-campus housing. In recent years there has been more than \$6 million invested in private residence halls in Carbondale to meet the housing demands of the growing university.

The private dorms must be approved by the university. Mrs. Kuo estimated that 800 undergraduate students are listed as acceptable housing. Single undergraduate students are required to either live in SIU fall. This will be an increase of about 100 students over the same quarter in 1965.

Named Hall Counselor

Fred R. Allen, 340 Myrtle avenue, will serve as a residence hall counselor at Illinois State University starting in September while doing graduate work. He holds a bachelor of science degree at ISU.

—GO TO CHURCH SUNDAY—

Pat Ridge, Dave Anderson Crowned at Music Camp

About 75 youths attended the annual camp sponsored by the Southern Illinois Music Association last week at Camp Piasa at Piasa Marquette State Park. Highlight of the event was a coronation ceremony in which Pat Ridge, 16, daughter of Mr.

and Mrs. Raymond Ridge, 2805 Sunset drive, was crowned queen, and Dave Anderson, 15, son of Mr. and Mrs. Charles Anderson, 2315 West 24th street, was crowned king.

Pat was the queen of the camp in 1964. Activities included swimming and music participation. The group entertained about 120 Girl Scouts camped nearby.

The youths came from the Quad-Cities, Edwardsville, Hannibal, Belleville, Collinsville and Alton. The camp was directed by Burel Schmissner, president; Phil Spence, treasurer; and Mrs. Alice Stevers, secretary.

KING AND QUEEN of the Southern Illinois Music Association who were crowned last week at Camp Piasa are Charles Anderson and Pat Ridge, both of Granite City.

Part-Time Employment At SIU Now Offered

Students entering Southern Illinois University, who will be seeking part-time jobs while on campus should apply during August or early September.

Frank C. Adams, SIU program director for student work and financial assistance at Carbondale, said that although students may apply for part-time work by mail, they must be interviewed by a counselor to be placed in jobs. New students may do this when they are on campus during the summer for advance registration.

Adams said there are jobs available in clerical, maintenance and other areas. Students interested in clerical positions must pass a proficiency test before placement.

Student workers may also begin work as early as Aug. 15, provided they are registered for classes. Those beginning work in August may work as many as eight hours a day until classes resume in September.

Adams said part-time jobs for the fall quarter will be filled on the basis of application dates. Students who apply during the summer will have a priority over later applicants.

The program director said students interested in discussing employment should write Raymond P. DeJarnett, Student Work and Financial Assistance Office in Carbondale, or Phillip Eckert of the Student Work Office at the Southwestern Campus, depending upon which campus they plan to attend.

Three Attend Center For Junior Red Cross

Three Quad-City youths were delegates to the Red Cross Youth Leadership Training Center, Green Lake, Wis., last week. They are Beverly Dorch, 2811 Warren avenue; Geraldyn Lapinski, 700 Lee avenue, Madison; and James Miller, 207 Abbott street, Venice. They were accompanied by Mrs. Sonya Adkinson, new teacher-sponsor of the Granite City high school chapter. The program was designed to train youths to be leaders in their clubs.

TRI-HIGH CLUB MEMBERS who modeled clothing they made at the Madison county fair at Highland last week. Displaying their new attire are, left to right—Melinda Knapp, Jacqueline Corbin and Laura Tadlock.

Three Tri-City 4-H Girls Model Clothes at Fair

Three members of the Tri-High Club modeled clothing they made at the Madison county fair at Highland last week.

Laura Tadlock, 10, daughter of Mr. and Mrs. Raymond Tadlock, 1517 St. Clair avenue, placed fifth in the top 10 first year girls. The other models were Melinda Knapp, 12, daughter of Mr. and Mrs. George E. Knapp, 2248 Erin drive; and Jacqueline Corbin, 12, daughter of Mr. and Mrs. James E. Corbin, 1947 Joy avenue.

Club members were judged recently on their projects at Edwardsville. Girls who received A ratings on their clothing were Jackie and Janet Corbin, Melinda Knapp, Laura Tadlock, Jill Thompson and Debra Weiler. Jackie and Janet Corbin, Darla Denise Cox, Ellen Hoffman, Janet Schwendeman, Laura

SIU Plans Increase Of Engineering Courses

Southern Illinois University will offer its greatest number of engineering courses to date during the coming year, with 197 separate classes scheduled during the fall, winter and spring terms at Carbondale.

Marvin Johnson, assistant dean and chief academic adviser in the SIU school of technology, said every effort has been made to make the engineering course schedule as complete as possible.

In addition to 135 classes in 56 engineering subjects, 62 classes in 42 related engineering technology subjects will be offered during the 1966-67 school year.

Classes scheduled span both graduate and undergraduate study, Johnson said. In one beginning course alone, 15 class sections are expected to be necessary and are scheduled five sections a quarter.

Southern graduated its first full class of professional engineers this spring, and last year had more than 500 students registered in engineering or pre-engineering.

Julian H. Lauchner, school of technology dean, said this number would be still higher if it included all those classified under general studies—SIU's mandatory program for freshmen and sophomores who actually plan to enter engineering.

SIU was first authorized to grant engineering degrees by the Illinois state legislature in 1959. The first engineering degree, a master's degree, was granted in the summer of 1965.

DeMolays Elect Voting Delegates to State Meet

The Granite City chapter, Order of DeMolay, elected voting delegates to the 38th annual state DeMolay convocation to be held on the Southern Illinois University campus, Carbondale, on Aug. 19-21 during a bi-monthly meeting Tuesday night.

They are Roger Mathews, master councilor; Reggie Teague, senior councilor; Joe LeGrand, junior councilor; Terry Walker, chaplain; and Jim Nueve, scribe.

Other delegates from the local chapter will be Charles Burgess, Jim Ebrecht, Bill Ebrecht, Tim Nood, Wayne Pritchett, Charles Ringering and Joey Vaughn. James Rucker, softball coach, announced that a slow-pitch softball game has been scheduled with a team from the A. D. DeMolay chapter, East St. Louis, at 6:30 p.m. today at the Coolcampus, Carbondale, on Aug. 19.

Plans were completed for a picnic Sunday at Pere Marquette State Park. Members will leave by chartered bus at 1:30 p.m. at the final Cardinal baseball team night to be held Aug. 12.

Reservations were taken for the DeMolay dance for which the Dimensions played. The DeMolay Mothers Club served refreshments.

KAREN DANNENBERG GC Nurses to Graduate At Jewish Hospital

Miss Karen Dannenberg, daughter of Mr. and Mrs. Emmert Dannenberg, 2862 Madison avenue, will graduate from the Jewish Hospital School of Nursing Sunday in exercises to be held at the United Hebrew Temple in St. Louis.

She received her three years of training through a scholarship provided by the Granite City Opt-Mrs. Club. She is a graduate of Granite City high school.

The club currently is sponsoring Miss Nancy Kuhn at the same nursing school. She is completing her first year. She is the daughter of Mrs. Mary Kuhn, 3011 Kirkpatrick Homes.

On the club scholarship committee are Mrs. G. H. Sternberg, chairman, and Mrs. Carl Ranft, co-chairman.

Kathy Brave to Attend 4-H Tour in Chicago

Kathy Brave, daughter of Mr. and Mrs. Robert Brave of Granite City, has been named to attend the Illinois 4-H Improvement Tour in Chicago Aug. 23-25.

Mrs. Mary Knecht, assistant home adviser for Madison county, states this educational tour is an award for 30 outstanding 4-H Club girls who have excelled in home furnishings project work. Nearly 5000 home furnishings projects are carried by Illinois 4-H Club members between the ages of nine and 18 years.

4 Student Nurses To Graduate Sunday

Four local girls will be among the class of 55 young women to be graduated Sunday from Jewish Hospital School of Nursing.

They are Karen Dannenberg, daughter of Mr. and Mrs. Emmert Dannenberg, 2862 Madison avenue; Miss Ruth Ann Schroeder, whose parents are Mr. and Mrs. E. Marshall Schroeder at 1534 Johnson road; Miss Cheryl Lea Slaby, daughter of Mr. and Mrs. W. C. Slaby, 1221 Meridian street; and Miss Marcia Walker, a daughter of Mr. and Mrs. Leonard Walker, 3237 Rodger avenue.

The commencement exercises are to be held at 3 p.m. at the United Hebrew Temple, 225 Skinner Blvd., St. Louis.

A special recognition luncheon is planned for the last day of the tour at the Merchant's and Manufacturer's Club.

Jr. Achievement Cites Two at Annual Meeting

Edwin M. Clark, retired president of Southwestern Bell Telephone Co., and Wayne Lutyens of Arthur Andersen & Co. were honored at the annual stockholders meeting of Junior Achievement of Mississippi Valley Inc. Monday in St. Louis.

Clark was presented with the "Hermann F. Spehrer award" for his services and efforts in solicitation of financial assistance for the J. A. program.

Lutyens, who was out of town, was announced as the recipient of the President's award for his service as a member of the J. A. board of directors the past 11 years. He is a past president and is a member of the regional board and of the national executive committee.

Making the presentation was R. K. Shockley, J. A. president. During the meeting Spehrer was re-elected chairman. Others re-elected included Shockley as president and Nicholas P. Veeder of Granite City Steel Co. as a vice-president.

Associate in Business Offered at SIU-SW

An adult education program leading to an associate in business degree is being offered at the Southwestern campus of Southern Illinois University beginning in the fall term.

The program is designed to give the student the skills he needs to perform a specific job or type of job. It offers specializations for accounting, management, general secretary, legal secretary and medical secretary. It is intended for high school graduates who wish to qualify themselves for advancement in a chosen field or for transfer to a different specialization.

Day and evening programs are offered in each specialization except management which is available only in evening. The day-time classes are intended for full-time students and the evening classes for part-time students but are not so restricted.

Procedures on admission, class schedules, tuition and other requirements may be obtained by phoning the Technical and Adult Education office at the SIU-SW campus. Application for admission should be initiated at least

Cousins Enlist in Missouri Air Guard

Terry Young, 19, son of Mr. and Mrs. Edward Young, 3135 Fehling road, and Danny Hawkins, 18, son of Mr. and Mrs. Claude Hawkins, Summersville, Mo., are cousins who have enlisted in the Missouri Air National Guard.

Danny left this week for basic training at Lackland Air Force Base in Texas where he has been assigned to the 131st Consolidated Maintenance Squadron. After this training he will travel to Sheppard Field, Texas, where he will study jet mechanics.

Terry, a 1964 graduate of Granite City high school and a college student for two years, has been assigned to the 131st Combat Support Squadron at Lackland where he will report for basic training on Oct. 2. He will then attend the Personnel and Administration School at Amarillo Air Base, Texas.

Area Buying 5% Ahead Of Same Period in 1965

Quad-City area purchasing 4% ahead of 1965, based on Illinois Revenue Department figures for the first quarter.

Local buying amounted to \$19,384,622 in January, February and March 1966, compared to \$18,980,220 in the first three months of the previous year.

The statistics normally require several months to prepare, and the tabulation for the second quarter of this year has not yet been completed.

In 1965, purchasing reached \$19,320,285 in the second quarter, \$21,311,814 in the third quarter and \$23,489,716 in the final quarter for a grand total of \$64,121,815.

The 1965 total was the second highest in history, being topped only by the \$68,277,367 purchasing in 1964. Other totals have included \$57,981,509 in 1957; \$52,186,281 in 1958; \$56,679,800 in 1959; \$79,278,184 in 1960; \$83,984,123 in 1961; \$68,839,473 in 1962; and \$87,444,433 in 1963.

On Freezing Peppers

Homemakers who are oversupplied with green peppers from the garden may find freezing a practical way to use the surplus.

According to University of Illinois foods researchers, frozen green peppers may be used satisfactorily in many cooked dishes and casseroles.

They recommend that you prepare the peppers for freezing by simply cutting them into halves or quarters, removing the seeds and membranes and packing them as tightly as possible into polyethylene bags.

In U. of I. tests, the dry-pack method gave more satisfactory results than the brine-pack method that is recommended in some published directions.

Tests at the U. of I. showed that the plain peppers retained considerably larger amounts of ascorbic acid than those packed in a brine. Furthermore, the dry-pack method is more convenient to use both before and after storage than the brine method. Taste-wise, the plain peppers cooked after freezer storage were better than the brine-packed ones.

Prepare Child for Hospital Stay

Children may react more favorably toward a hospital stay if they're for it.

A child's idea of hospitalization may be quite different from an adult. He may, for example, think of a dog hospital with cages.

Since children usually can't visit hospitals, it's especially important that parents explain what to expect. The best preparation is for parents to visit the hospital in case of an emergency.

LEAVING FOR NEW MEXICO

Mr. and Mrs. Fred Hulsey, 1308 Eighteenth street, left today by plane for Albuquerque, N. M., where they will attend the wedding Saturday of their granddaughter, Miss Beverly Ann Sorensen, to Robert W. Olline. They will return home Monday.

—GO TO CHURCH SUNDAY—

A surprise cradle shower honoring Mrs. Vicky Boyd was given Monday evening by Mrs. Terry Gushler and Miss Lowanna Deatheridge at the home of the latter, 5120 Maryville road.

Pink and blue streamers and stuffed animals were used in the decorations, and the refreshment table carried out the same theme.

Others present were Mrs. Olivia Nelson, Miss Joan Blankenship, Mrs. Christine Brooks, Miss Mary Church and Mrs. Mable Deatheridge.

MISS ZIEGLER IS SHOWER HONOREE

Miss Jo Ann Ziegler, an early autumn bride-to-be, was honored this week at a miscellaneous shower given by her aunts, Mrs. Ann Aiello, Mrs. Pat Wood, Mrs. Anne Stallone and a cousin, Mrs. Laura Postman.

The party was held at the Arthur Williams American Legion Hall in Ferguson, Mo., with 60 guests present.

Blue and white, the colors to be used in the wedding, predominated in the appointments, and the bride was assisted in opening the gift packages by the young women who are to be in the wedding party, Mrs. Jo Ann Ziegler, Miss Janet Thomas, Miss Judy Thomas, Mrs. Grace Ziegler, Miss Kathy Ziegler, Miss Nancy Ziegler and the junior attendants, Deborah and Denise Syzyk.

A number of prizes were awarded, and a buffet luncheon was served.

Miss Ziegler, a daughter of Mr. and Mrs. Walter J. Ziegler, 215 Briarcliff, will be married Sept. 17 to Andrew J. Yurko, a son of Mr. and Mrs. Andrew A. Yurko, 1217 Grand avenue. The ceremony will take place at St. Elizabeth's Catholic Church.

Annual Jr. Sports Jamboree Designed to Benefit Youth

Many residents of the metropolitan area have been taking during the week, "What exactly is this Sports Jamboree all about?"

It seems that only the contestants, officials, chaperones and publicity chairman realize the gigantic scope of this 11th annual contest.

But so much has been done to prepare for this event in Granite City, that all these persons couldn't relate their experiences adequately on paper.

Therefore, to give a detailed rundown of the jamboree with its purpose, history and background, maybe more citizens will see this "tremendous program," as Gov. Otto Kerners describes it, through a short summary.

The sponsors of the Illinois Junior Sports Jamboree are the Illinois Youth Commission and the Illinois Junior Chamber of Commerce. The IYC promotes and coordinates the statewide Jamboree program and pays the cost of the state finals—transportation, meals, lodging, etc., while the Jaycees conduct local and secondary events, assisted by schools, park districts and civic groups.

Basic Purposes
Its basic purposes are for both religious prevention and youth life. In regards to the latter, Musial, consultant to the President on physical fitness, extended his congratulations to the Jamboree officials for taking such an active part in the "not only increasing physical fitness oppor-

tunities, but broadening the range of American athletic excellence as well."

Four unique features of the program point out: That it is open to both boys and girls, reaching children at an earlier age than most competitive sports and encouraging them to develop healthy living habits, sportsmanship, while providing wholesome incentives.

That no entry fee or other costs are paid by the contestants. "Every child can compete" is the theme of the Jamboree. There are no requirements regarding uniforms or equipment, as the children may go all the way to the finals without cost.

That a special effort is made to recruit entries among youth not presently involved in school sports or programs of youth-serving agencies.

That it involves donations of time and effort by hundreds of adult volunteers—trainers, coaches, chaperones and officials.

Competition Divisions
The divisions of competition include three categories: midges (10-11), Juniors (12-13) and intermediates (14-15). Age is determined as of Aug. 31.

There are a total of 41 separate events of competition for the boys and girls.

First place winners in each event have advanced from 12 sectional sites: Chicago, Wheeling, Calumet City, St. Charles, P.O., Monmouth, Champaign, Charleston, Springfield, Quincy, Carbondale and Alton.

Trophies will be awarded for the first six places in all events. Miniature living cups will go to all others.

Since this year's awards for the most outstanding girl and boy athletes, the most sportsmanlike girl and boy performers, and the most outstanding team will be presented by the Granite City Steel Manufacturing Co.

Previous sites of state finals: Chicago (1956-57), Springfield (1958-59), Champaign - Urbana (1961), Bloomington - Normal (1963), Sterling (1962-64) and Charleston (1965).

Dr. Lawrence Tadlock and **Miss Sharon Ritchie**, chaperones on Friday, contest only Thursday. Sports Jamboree, said today that as chairman for chaperones and members for the Illinois Junior Chamber of Commerce, they are responsible for the welfare of all contestants.

Therefore, so that the welfare of the young athletes can be guaranteed, they asked the Press-Record to print the following instructions for chaperones:

1. Stay with contestants at all times.
2. Make sure contestants are at events in ample time to compete without delay.

3. No one will be allowed to leave their assigned sleeping areas after 10:30 p.m. This ap-

plies to both contestants and chaperones on Friday, contest only Thursday.

4. No alcoholic beverages will be tolerated at any time.

5. A Granite City guard will be posted near sleeping quarters to handle any emergency.

6. A mandatory meeting of chaperones will be held at 11 p.m. this evening. Notification of location will be announced during the meal.

7. Granite City Jaycees will not be responsible for lost or stolen articles, although there will be a lost and found booth on the athletic grounds during the events.

8. Since bedding is being rented, all damages will be charged to the area responsible.

Two Fines Total \$70

SERVICEMAN FAMILY EARN 4 PROMOTIONS
Charles A. Thomason, whose wife, Sarah, and three children, Michelle, Larry and Luci, live at 611 (rear) Fillmore avenue, Venice, has completed three months of Marine Corps training at Camp Pendleton, Calif., and is currently home on a 21-day leave. He is the son of Mr. and Mrs. Pete Billick of Venice.

Thomasons have also received word of more promotions in their family of servicemen.
Their son, Kenneth, was promoted to specialist-fifth. He has been in the Army 11 years and is currently stationed at Fort Hood, Tex.

The Thomasons have three sons and five grandsons in the service. Besides Kenneth and Charles, they have a son, Dale Thomas, who has served 11 years in the Army and returned July 9 from a tour of duty in Germany since February 1965.

Joe Wallace, also a son of the Billicks, has just finished three months' Marine Corps basic training and has been promoted to private first-class.

Area, State Officials Support RIDC Study
Illinois Gov. Otto Kerners and Gov. Warren E. Hearnes of Missouri have urged support of the inter-industry study being made by the St. Louis Regional Industrial Development Corp., Mayor A. J. Cervantes of St. Louis, Mayor Alvin G. Fields of East St. Louis and Supervisor Lawrence K. Ross of St. Louis county, also have endorsed the study.

Purpose of the study is to trace the flow of dollars through the region's economy and to identify significant business opportunities and trends that can be measured by dollar volume of sales and purchases. The study will identify both new markets and sources of raw materials for existing and new industry that might move into the area.

The executive committee of the Association of Certified Public Accountants likewise has endorsed the study and has urged its members to assist in compiling requested data for the 1100 firms to be interviewed.

Project Outreach, operated by the St. Louis YMCA, will transport the children to the pool from St. Louis and Madison and St. Clair counties.

Use of the pool was offered under a joint Pentagon and EOC plan to open certain military base swimming pools to underprivileged children throughout the country.

Army Depot Pool Plan Is Revised

A revised program for use of the Granite City Army depot swimming pool by underprivileged children has been worked out between Army officials and anti-poverty representatives. Use of the pool will begin today.

Under the new program, the pool will be in use from noon until 2 p.m. on Mondays and Tuesdays and from 10 a.m. to 1 p.m. on Wednesdays, Thursdays and Fridays. The pool site, which accommodates 160 persons, is open to military personnel and their families from 10 a.m. until 8 p.m. seven days a week.

Beginning today and continuing through Labor Day, a maximum of 80 children from low-income areas of the metropolitan area will use the pool at any given time.

Use of the pool was offered under a joint Pentagon and EOC plan to open certain military base swimming pools to underprivileged children throughout the country.</

City Sales Tax Extended to Cover Rental, Lease Items

Granite City hopes to reap several hundred dollars added revenue a year from the half-cent city sales tax by extending the ordinance coverage to rental and lease of equipment such as heavy construction machines, autos, as well as all other types of tangible personal properties.

The ordinance to add the sales tax to such rental and lease items was approved unanimously by the city council Monday night. It had been recommended the week before by City Treasurer E. R. Rich.

A certified copy of the ordinance is to be sent to the state department of revenue to advise the department of the city's action.

Added Hour for Car Washes

An amendment to a curfew ordinance for coin-operated car wash businesses setting the closing hour at 11 p.m. instead of 10 p.m. was approved. The ordinance pertains to the car wash operations that are within 300 feet of homes. The businesses are to be closed from 11 p.m. to 7 a.m.

Land Use Maps

Acceptance was delayed on a recommendation by the City Plan Commission for an expense of \$175 to get a copy from Illinois Power Co. of a 1962 city map on land use. The commission suggested the city wait for the utility firm to get its 1966 map also and save the estimated cost of \$1455 to have the work done. Council members said they wanted additional details of the data on the map.

Annexation of 10 Acres

Along Maryville road in the vicinity of the new Parkway school, requested by Henry Ross of HW Development Co., was approved. The request for annexation with a R-5 zoning classification for apartment buildings, was made to the council last week.

Relocating City Painter

In a wide variety of business, the council approved a \$99 bid from R. Don Electrical Co. for installation of new wiring at the old West Granite fire station, Rock road and Cayuga street, for use by the city's painter who will be using electrical equipment to make new traffic signs. He has

had a shop in the boiler room of the city hall. The only other bid was \$145 by Huel Electric Co.

An ordinance is to be prepared to sell the city's old electric speed timer to the village of Pontoon Beach for \$25. Granite City now has two radar units. Approval was a \$75 repair bill for the two-way radio unit in the personal auto of Police Chief Willard. The unit was damaged in an accident.

Referred to the Reinhardt

Wilson Park Estates subdivision east of Yourees Colonial subdivision, were the recommendations by the city's consulting engineer for types and sizes of sanitary and storm water sewers.

Further information is to be obtained before an ordinance for vacating a 15-foot easement on a lot at the northeast corner of Franklin avenue and Frontenac lane. The easement was for sewers, and no sewer is located there, it was reported.

Fence Removal Sought

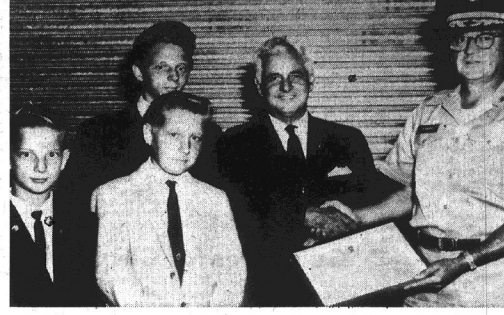

Assistant City Atty. Leo Konzen, who was in attendance for vacationing City Atty. Richard Allen, was asked to determine legal steps needed for removal of a fence at the Harry Hammerman property, 19th and Adams streets.

City Inspector Jack Frick

was instructed to inspect property at St. Louis and Cedar streets, a partially burned house, for condemnation and for weeds to be cut on state-owned property at Chicago and Spruce streets and at 1642 Spruce street.

Retirement Ceremony For H. E. Westbrook

Howard E. Westbrook of 2156 Adams street has retired from Granite City Army Depot, it was announced this week. He began working at the depot as a laborer in January 1943. He left the depot in September of that year to enter military service and was in active military service for two years, serving as a cannoner for 1½ years overseas. He received many decorations and citations for his wartime service.

December 1945, he was re-employed at the depot as a mechanic's helper. Throughout the years he has received several promotions in the mechanics field and was a mobile industrial equipment mechanic upon retirement in the Organizational & Field Maintenance Division, Directorate for Services.

Westbrook received commendations for donating blood to the Red Cross, for having no lost time accidents, and for extra special effort put forth to complete repair work during a STRAC exercise. He received a 1959 superior performance award for highly satisfactory performance of his duties in 1961.

GC Twp. Taxes Top Two Million Mark

E. R. "Pat" Rich, Granite City township tax collector, said today that township tax payments for 1965 now total \$2,101,715, about a third of the \$6,636,526 to be collected.

Real estate payments show the major response with \$1,771,584, while personal property tax bills count \$330,161. Comparative figures for last year at this same time totaled \$2,258,704.

With approximately 33% of the 1965 taxes accounted for, two weeks remain for payments to be made at the local collection office, which closes Aug. 19. The office at the city hall is open Monday through Friday from 8 a.m. to 5 p.m.

Fined \$100 for Battery

Carlton Turner, 19, of 2455 Logan street, was arrested Monday on a battery charge. He pleaded guilty in magistrate's court, was fined \$100 and costs and was returned to jail.

September Church Census

Rev. R. Paul Sims of the Quadrant Ministerial Association advised Chamber directors that an interdenominational church survey and census will be conducted in the Quad-City area Sept. 16-23, with major emphasis on Saturday, Sept. 17.

With the Chamber year ending the annual meeting in November and subsequent appointments, the board voted to have its committees remain active each fall until replaced by new committees appointed by the incoming president and approved by the board.

Farm Tour Aug. 29

The board approved plans for an annual farm tour Monday, Aug. 29. The bus trip, during which box lunches will be served, will consist of a poultry farm and a dairy farm, both included for the first time, plus a beef-cattle-grain farm and a melon farm.

John S. Wagner, co-chairman of the annual meeting, said a nationally prominent speaker has been obtained for the 1966 Chamber dinner, scheduled for Thursday night, Nov. 3, in the new F. Winter, Membership Chairman Leo H. Konzen, Transportation and Highway Chairman Melvin O. McElroy, Industrial Development Chairman E. G. Schmitt and Tourist Promotion Chairman Neilson R. Hediger.

Chamber Board Tours Hospital, Studies Needs

Needs of St. Elizabeth Hospital were reviewed with Sister Mary Thomas, administrator, and other members of the hospital staff by Tri-Cities Chamber of Commerce directors Tuesday evening.

Carl Ranft, a member of the hospital's lay advisory board, served as host of the dinner and tour, during which the directors donned complete surgeon's attire to inspect operating rooms.

John P. Drees, public relations director, reviewed plans for a new hospital wing, for which a fund drive and other financing are contemplated. Sister Mary Paul, associate administrator, joined him and Sister Mary Thomas in the presentation. A question-and-answer period followed.

It was pointed out that the hospital—staffed by 16 nuns, 600 employees and 150 volunteers—treated 11,669 in-patients and 36,691 out-patients (the latter including 16,000 emergency room cases) in 1965. Of the nearly \$3 million operating costs last year, about 70% was for salaries.

Chamber President Carl E. Mathias said hospital needs will be referred to the Health Committee for study and a report to the Chamber board, which then will take a stand on the expansion program.

Riverfront Road Reviewed

Area highway, street and traffic needs also were discussed by the directors, who conducted their monthly business session in the hospital library at the close of the discussion with hospital personnel.

While Federal Aid Route 151 right-of-way acquisition, grading and railroad overpass construction failed to be included in the Illinois highway division's July bid letting program, there is hope that it will be included in the August letting. About \$1 million in state-federal funds allocated for 1966 is at stake.

The riverfront highway has been the subject of intensive efforts by city officials, the Tri-City Regional Port District, the Chamber and other groups, who hope to see substantial progress this year, permitting actual paving of the four-lane road in 1967.

Ticket Sales Booming for GC Rotary's Annual Horse Show

Preparing for its finest horse show ever, the Granite City Rotary Club has announced that tickets for the annual presentation can be bought from all members of the Rotary and Interact clubs, at Graham's Book store, Delmar and Netherland avenues, and at a booth in the lobby of St. Elizabeth Hospital. Every Friday until Aug. 28, date of the all-day event, tickets will go on sale at local shopping centers, downtown business stores and banks, according to Edward Meng, publicity chairman.

Equipment for Hospital
The money being raised, \$6000, is for an electroencephalograph for St. Elizabeth Hospital. This is an electrical brain wave machine which gives an accurate picture of brain disease or damage.

Meng, who has been releasing information concerning the horses to be entered into the program, said earlier this week that the quarter horse will be featured.

"This versatile breed, equally at home on the range, in a rodeo or beneath a child's saddle, has become America's most popular mount," according to James Stewart-Gordon in the August issue of Reader's Digest.

The popularity of the quarter horse is due to its extraordinary versatility. Half of the nation's breeders spend their lives studying its special distinction, quarter horses challenge even the matured. The other half, though, horse lovers at prices from \$500 to \$100,000, have mastered careers as racers, circus-horses and polo ponies.

Described as not very tall, but hardy, strong and fleet, this national-bred animal was the first race horse of America.

City Concerned Over Influx Of Drive-Ins on Johnson Rd.

Concern over the number of drive-in businesses planned in the 1000 block of Johnson road—the first block east of Nameoki road—was expressed by Granite City council members Monday night, but approval was given for two drive-ins.

The drive-ins will be for a new \$48,000 McDonald drive-in restaurant to be located at 1515-17 Johnson road. It was noted that several other drive-in businesses are located in that block or in the process of being built and there are two entrances to Bellemore Village shopping center in the same block.

A progress report on right-of-way acquisition for the south end of Nameoki road was submitted by Assistant City Atty. Leo Kozzen, and it was announced a meeting was scheduled for yesterday in the mayor's office with the city planning department district officials to go over the widening program.

Of the 11 tracts needed, 100 appraisals have been accepted by the state and 22 tracts have been acquired.

Drainage Specifications
Authorization was given for the city consulting engineer to prepare plans for drainage projects on Primrose avenue north of Pothorn road and on Clark avenue. A legal opinion is being sought.

S/Sgt. William Harp Given Commendation Medal
S/Sgt. William Harp, son of Mr. and Mrs. Fred H. Harp, Jr. of 2763 Washington avenue, has been awarded the U. S. Air Force Commendation Medal at Chickasaw RAF Station, England.

Sgt. Harp received the medal for meritorious service at Offutt AFB, Neb. The sergeant, a communications technician, is now at Chickasaw as a member of the Air Force Communications Service which operates five million miles of communications channels and more than 1000 air traffic control facilities around the globe.

Kiwans Club Plans to Sponsor Bowling Team
The Granite City Kiwans Club held a short business meeting Monday evening at the Rose Bowl with 15 members present. Chief topic discussed concerned plans for sponsoring a girls' bowling team.

Other items on the agenda were the club's annual boat race, Aug. 21, and a trip to the St. Louis Municipal Opera, Aug. 15, where "How to Succeed in Business Without Really Trying" will be staged.

Speeding Charge Filed
Dennis M. Crews, 2821 Roosevelt, was arrested Monday on a charge of speeding in the 2500 block of Madison street. He was summoned for a hearing by Aug. 16.

Auto Collides with Cab Of Engine at Crossing
A car driven by Louise N. Rollins, 3124 Willow avenue, was damaged at the right rear about 10:50 p.m. Monday when it collided with the cab of a Terminal Railroad engine on the tracks at the south end of Washington avenue in Madison.

The driver reported to police that she did not see the engine or hear a whistle. Lonnie Stone, 2305 Edwards avenue, was conductor on the train.

Man Fined \$50, Costs
William F. Garrett, Pontoon Plaza apartments, was fined \$50 plus \$25 costs in magistrate's court this week on a charge of driving with his license expired longer than six months. The charge was filed May 20 by county officials. An assault charge against him was dismissed.

Auto Strikes Barricade
An auto driven by Richard C. Kostoff, 2702 Center street, struck a barricade on Nameoki road during a heavy rain at 10:30 p.m. Monday. He said the barricade was not lit, but he did not see it until it was too late and that the stripes were pointing in the opposite direction.

Battery Charge Dropped
A battery charge filed against Preston A. Porter, 2222 State street, on July 14 was dismissed this week in magistrate's court. The complaint was signed by Juanita Porter.

Quad-City Rainfall Only 2.01 Inches During July
Rainfall totaling only 2.01 inches fell in the Quad-City area during July, creating a drought condition comparable to that of the summer season of two years ago.

July rainfall was 1.19 inches under the normal 3.20 inches, but not until 1941 was the record broken. A drought declaration was made for the first seven months of the year. This is 1.23 inches less than the total seven months fall of 19.02 inches last year.

Total normal rainfall for the seven months through July is 21.26 inches. The total fall of the year therefore is 3.50 inches below normal.

Heaviest rainfall of the year less than the combined was recorded in April with a total of 5 inches. April normal is 3.71 inches.

The recorded fall, to make matters worse, was split into seven different days, on May, June and July, with 2.98 inches of that amount recorded. That was on July 14 in May.

National Food Sales, Earnings Show Increases
Norman A. Stapleton, president, National Tea Co., Chicago, today announced operations for the 34 weeks ending June 18—the first half of the company's fiscal year. Sales for this period were \$270,887,003 as compared with \$262,873,157 for the first half of 1965, an increase of 9%.

Earnings during the same period were \$6,269,245, an increase of 24% over earnings of \$5,049,708 for the comparable prior year period. Earnings per common share outstanding were \$0.73 as compared with \$0.60 last year.

Three Mitchell Firemen Keep PO Flag Flying

The flag is once more flying at the Madison post office. Early Tuesday morning Vernal Deutschan, branch superintendent, requested loan of necessary ladders from the Mitchell Volunteer fire department so that he and a custodian could install a new pole on the post office's flagpole.

However, because the flag was unable to fly until the weather cleared, the flag was replaced. Firemen Lee and Abbie Paul and place on Henry street, then overriding a veto by Mayor Partney. At that time the support was brought out that the commission had recommended the change.

Temporary stop signs along Vine blvd. at Woodlawn, Waterman and Lynch avenues were approved. Vine blvd. is being used as a detour while Maryville road is under construction.

Alderman Dallas called for further enforcement of two-hour parking restrictions in the 2000 blocks of Lee and Washington avenues, saying a number of out-of-town steel mill employees are parking there and blocking residents' access.

An excavation permit was approved for Illinois Power Co. to begin this week the installation of a gas line along the west side of Morgan street for 400 feet to serve four customers.

School Window Broken
Venice police reported they found a window broken out on the west side of Blair school Monday night, and that two men, one of them carrying a crowbar, fled toward Weaver street upon sighting the squad car. Nothing was missing from the building, officers said.

8046 Adoptions In State Last Year

Adoptions in the state for the fiscal year ending June 30 totaled 8046, according to Dr. Franklin D. Yoder, director of the Illinois Department of Public Health. This total shows the number of children for which birth records were prepared but does not include adoptions where the child was born in another state (1089), or where the adopting parents did not want a new certificate (77). It does include foreign-born children adopted in other states.

Of the 8046 adoptions, 4000 half went into homes where there were other children, and 127 of this group were already there where there were already five or more children.

Again, more boys than girls were adopted. Of the total adoptions, 4117 children were of illegitimate birth. While about 85% were under 10 years of age when the adoptions took place, 1290 were over age 10, and 98 of this group were aged 20 years and over.

Downtown Snake Scare Proves Hoax

A practical joke that backfired somewhat happened at 19th and State street Tuesday morning when a sidewalk construction workers found a six-foot rattlesnake as they dug up the sidewalk.

The nine-rattle reptile actually had been killed near Pineville and brought to the construction site. A not very frightened Paul L. Stern, of the Tom Skierle Construction Co., found it. Rumors were started that a nest of rattlers had been uncovered at the busy downtown intersection.

\$371,419 Savings Bond Sales in County

Madison county residents purchased a total of \$371,419 in series E and H United States savings bonds in June, according to Henry D. Karandjich, Granite City general county chairman of the savings bonds committee. Sales in Illinois were \$28,515,322, an increase of \$1,919,000 over sales for last June and accounts for 7.2% of national sales which were \$387,000,000. Illinois purchases in the first six months of this year reached 52.9% of the annual quota which is \$348,000,000.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

- Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
- More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
- Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
- If you think winter's tough on an old car, believe us, so is summer. There's a real strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
- You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
- Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

Amsted Acquires Mayor Whacks GC Budget With 25 Item Vetoes—12 Stand for Reduction of \$94,735

Another Firm

Amsted Industries today announced it has acquired the principal assets of Deka Drill Corp., a Cicero, Ill., machine tool manufacturer, for an undisclosed amount of cash. The firm's local plant, Amsted Steel Foundries, produces railroad equipment.

Joseph B. Lanterman, Amsted president, said the purchase includes Deka Drill's plant, its inventories, designed trademarks and names. He noted that Deka Drills will continue to be manufactured in the Cicero plant as a product line of South Bend Lathe.

Bruno Sainati, Deka Drill president, and Jerry Sainati, secretary-treasurer and sales manager, will continue its managerial positions, Lanterman said.

Deka Drill produces automatic hydraulic multiple spindle drilling and tapping machines. These are production tools used in machine operations. The company also produces universal joints, a mechanical power transmission device used in machine tools and industrial equipment.

Amsted now operates 30 plants in the United States and Canada.

Guest Speaker Relates Details of Communism

Donald Backer, superintendent of training and personnel at the Granite City Steel Co., was guest speaker Monday afternoon at the weekly meeting of the Granite City Rotary Club. Forty-three members were in attendance.

Backer outlined the goals of Communism and what party officials are trying to accomplish through both supervision and outright revolution. He said that although people in Communist countries couldn't conceive the master plan developed by Lenin, "they followed him and the Marxist doctrine to the letter."

Club President William Thode announced the dates of the district golf tournament, Oct. 3 at the Jacksonville Country Club, and bowling tourney in Springfield, Oct. 22 and Oct. 29-30. He received this information at a recent district assembly conference at Pere Marquette.

Glenn Abernethy was recognized for celebrating a birthday, while former president William Hoebeck and former assistant chairman Vincent Bischoff received presents for their service to the club. He said that the club obtain a district award for the most improved club attendance during the 1968-69 year.

Among several guests present was an official from the Bank of America, Hal Kowick, a visiting Rotarian from Blythe, Calif.

Enlists in Army

Clifford D. Ferris, a son of Mr. and Mrs. Harry Westwood, 2100 Rock road, has enlisted in the U. S. Army while in Fort Wayne, Ind., visiting his brother-in-law and sister, Mr. and Mrs. Delbert Johnson. He is at Fort Knox, Ky., for eight weeks training, after which he will return to Granite City on furlough before being assigned to duty.

Charge Dismissed

A battery complaint filed June 27 against Roger Schaffner, 17, of 609 Washington avenue, Venice, by a neighbor, Mrs. Dorothy Boelling, on behalf of her son, was dismissed Monday by Magistrate Merlin Hicott.

Mayor Whacks GC Budget With 25 Item Vetoes—12 Stand for Reduction of \$94,735

Aldermen kept box scores Monday night on virtual item-by-item voting conducted for 25 separate vetoes of budget listings presented Monday night by Mayor Partney.

The mayor's intent was to cut the city's 1968-69 budget of \$2,340,145 by \$178,000. He succeeded in whacking \$94,735 off to reduce it to \$2,245,410.

Heaviest concentration of the vetoes was among the \$178,000 in special improvement projects. The cut was \$47,635, reducing the amount to \$130,465, compared to last year's expenditure of \$48,000 for similar projects.

The procedure followed by the council took 90 minutes with 12 of the vetoes left standing, 12 overridden and one split. Roll call vetoes were needed 30 times. In five instances, no motions were made to override the veto.

Further Vetoes Likely
In presenting his veto message, Mayor Partney said he regretted cutting some of the special project items—realizing most are needed—but that the out-of-balance budget had to be corrected. He indicated that

other vetoes would be forthcoming as projects were presented for contract award.

Alderman Noma said the council could cut the actual tax levy—the amount to be raised by taxes—in retaliation.

As the mayor concluded his remarks, the council members fired a barrage of questions at the Assistant City Atty. Leo Konzen, who was substituting for the vacationing city attorney, Richard Allen.

Procedure Outlined
Konzen outlined a procedure for the council, repeating it several times as aldermen asked further questions. At one point, a veto was almost called to reconsider the entire budget.

The initial protest by the veto message was not listed on the budget.

Alderman Parmenter pointed out the mayor often rejected items of business because they were not on the budget, and that the council should be able to follow suit. His protest was not followed, and the council began its work of going through the 25 veto items.

Konzen explained that a motion to override would need a two-thirds vote of elected aldermen (11 votes) to carry. Fifteen aldermen were present, and the lone absentee was Moerlein, who also is vacationing.

As the motions started, the mayor said he was restricted by law in his veto power to the item listed in the budget, and while there were several double listings, he was not necessarily wanting to veto the entire listing.

Konzen explained that in such cases, the council could vote to override a portion of a vetoed budget item, as long as the figure was lower.

Split of Item
An example was a street department list of \$16,000 for purchase of a brush grinder and a tree trimming snorel.

It was agreed the \$11,000 snorel could be taken out, but the council wanted to keep \$500 for the budget for the brush and the limb grinder. It was the only split item among the 25.

Debate was brief as the council waded through the veto listing, but aldermen did discuss

the merits of favored items.

A breakdown on the disposition of the remaining 24 veto items follows, with the vote tallies given in parentheses:

Run-down of Actions
Sidewalks:
Leonard avenue from Sunset to Wayne avenue, \$1700 (10-5), veto stands.

Victory drive, Marshall to Garden avenue, \$2200 (12-3), veto overridden.

26th street from Adams to Benton street and 25th street from Adams to Center street, \$1310 (10-5) veto stands.

West 21st street, Ohio to Bryan avenue, \$575 (15-0), veto overridden.

Refurbishing streets:
Spruce street, St. Louis street to Chicago avenue, \$7915 (12-3), veto overridden.

Maple street, Niedringhaus to West 20th street, \$5500 (10-5), veto stands.

Missouri avenue, 22nd street to city limits, \$15,250 (12-3), veto overridden.

Iowa street, 24th to 26th street, \$8500 (11-4), veto overridden.

Drainage, other projects:
Primrose avenue drainage north on Pontoon road, \$16,000 (12-3), veto overridden.

Palmer avenue drainage, \$5000 (11-4), veto overridden.

St. Clair avenue resurfacing and curbs, Jill to Willow avenue, \$10,000 (8-7), veto stands.

West 21st street curbing, Illinois avenue to alley, \$700 (13-2), veto overridden.

East 23rd street curbing, Namco road to Anchorage Homes, \$10,000 (11-4), veto overridden.

Option for new street along railroad tracks between 22nd street and Pontoon road, \$10,000 (10-5), veto stands.

Center street curbing, 2600 block, \$8000 (10-5), veto stands.

Other Items
In the remaining seven vetoed items, two were retained in the budget and five were removed.

No motions to override the vetoes were made for a \$500 police patrol team expenses; \$600 to install air conditioning units in a police patrol car and a canine patrol station wagon; \$3000 for two servicers for parking meter patrolmen or \$2000 to replace overhead doors at the city street department garage.

It was noted the garage doors could be replaced from the street department's \$10,000 contingent funds, and that the police department could absorb the cost of placing an air conditioner in the station wagon. The other police car is to be traded off shortly.

The veto of a \$30,000 fire truck was not overridden by the council. The vote was 10-to-5, Alderman Johnson, chairman of the Fire and Water committee, pointed out that the special fund

is carrying a balance of about \$15,000, and he hoped the truck could be purchased during the current fiscal year.

Mayor Partney replied that he had conferred with fire department officers, and they were not expecting it this year.

Overriding the mayor's veto 15-4-0, the council called for retention in the budget of \$6600 to buy two replacement dump trucks for the street department.

Council members voted 12-4-0 to override the mayor's veto of a \$3850 item for aldermen expenses at the Illinois Municipal League convention in the fall.

Partney noted the \$20,000 for the contingent fund was unchanged in the new budget and that the \$3850 was added.

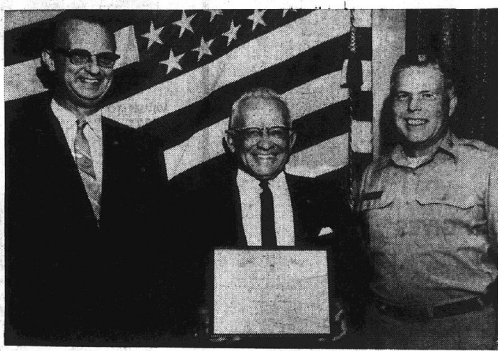

"Always in the past," he said, "the convention expenses have been paid from the contingent fund, so it looks like it's in the budget twice."

Auto Backed into Mishap

An auto driven by Wayne Teague, 1728 Edison avenue, backed into the traffic lane at the Bellemore Village shopping center and collided with another driven by Maxine G. Hoover, 2828 Nameoki road, about 7 p.m. Monday.

Driver Fined \$50, Costs
Daniel Poe, Edwardsville, was fined \$50 plus \$20 costs in magistrate's court Monday on a charge of driving without a license. The charge was filed May 27 by Granite City police.

Conduct Charge Filed
Daniel O. Clubb, 21, of 106 Kirkpatrick Homes, was arrested at 10:30 p.m. Monday on a disorderly conduct charge in the 2400 block of Kirkpatrick Homes. He was fined \$20 in magistrate's court and was returned to jail.

RETIRED AFTER 23 years service, George Gawlik, center, displays retirement certificate given by Army Depot Commander Col. Charles B. Schweizer (right). At left is Lawrence Hengehold, civilian executive assistant.

Retires From Depot; Had 23 Years Service

George Gawlik, 801 Washington avenue, Madison, has retired from the Granite City Army Depot after 23 years civilian service in the Security Division. Gawlik began working at the depot as junior patrolman Jan. 1, 1943, and throughout the years has held the position of patrolman and guard. He served under a War Service indefinite appointment for the first four years, receiving permanent status in 1947. Following a separation due to a reduction in force, he returned in the latter part of 1948 and worked continuously since.

He has received several commendations for conserving sick leave and for having no lost-time accidents. In 1959 he received a letter of commendation from Col. Charles H. Waters, then commanding officer of the depot, for his quick action in a fire for which he discovered. The commendation credited him with prevention of any great loss in the fire.

Col. Charles B. Schweizer, commanding officer, presented Gawlik with his certificate of retirement.

Shane entered the Army last March and completed basic training at Fort Polk, La. He is a 1964 graduate of Granite City high school and was employed in Chicago before entering the Army.

Hit-Run Charge Filed

William Bryant, 2208 Grand avenue, was arrested Monday on a hit-and-run accident charge on a complaint signed by Donald Garbrough, 4019 Braden avenue. He was released on \$100 cash estimate the per acre yield of temporary following a rain. The bail pending a hearing set for today.

Truman May Urges Farmers Not to Rush Silage Cutting

Some farmers are thinking about cutting their drouth-damaged corn for silage, but it's a good idea not to get in too big a hurry, Truman W. May, court farm adviser said today.

Waiting may bring rain and some additional grain development. This will add to the nutritive value of the crop. If it doesn't rain, the main loss of dry matter and feed value of the crop will be from the leaves that may dry up and fall off.

At the present time, the green stalks contain too much water to make good silage. The moisture content of corn forage when corn may have an abnormally stored should not be more than 70% May added.

Corn silage made from drouth-damaged corn will probably such a crop as forage immediately after a rain. High nitrate Garbrough, 4019 Braden avenue, normal corn silage. You should content of the forage will be released on \$100 cash estimate the per acre yield of temporary following a rain. The bail pending a hearing set for today.

Some livestock men may want to use drouth-damaged corn as a good chop or for pasture, May stated.

"These practices are not recommended because: (1) Use as green chop or pasture now eliminates the chance for further growth if it does rain. (2) The use of the crop as green chop feed or pasture gives the greatest potential for nitrate poisoning. (3) Pasturing is a stailk method of using the crop.

Some fields of drouth-damaged corn may have an abnormally stored should not be more than 70% May added.

AID PROVIDED FOR POLAND, YUGOSLAVIA

WASHINGTON, D. C. The following letters were answered by the Department of State:

I am interested in any information concerning United States aid policies and programs to totalitarian states.

R. B. Bellare, Texas

Dear Miss B.: Of the Communist countries of Eastern Europe, the United States has given economic assistance only to Poland and Yugoslavia.

Although Yugoslavia is governed by a Communist government, it has since 1945 been allowed to maintain its own independence, free from the Soviet bloc, and to maintain traditional contacts with the West.

Our assistance now to Poland and Yugoslavia is provided under Public Law 480, which permits the sale of dollars on favorable terms of United States surplus agricultural products. The purpose of United States assistance has been to help the Soviet Union in Eastern Europe, encourage the possibility for free institutions to develop, and help the people of these countries.

Statements describing our policy toward these two countries are enclosed for your full information.

I am a graduate student at the University of Hawaii, specializing in Asian studies. My present work requires considerable research.

I would appreciate a copy of your "Government Research" bulletin.

Also, I would appreciate some information about the China Desk.

Specifically, is there a separate specialist on Tibetan affairs?

attached to it and have we (the government) issued any white papers specifically concerning Tibet or anything or stating our position vis-a-vis Tibet.

H. E. Nohulu, Hawaii

Dear Mr. B.: The Office of Asian Communist Affairs is the one within the Department that is primarily responsible for matters affecting Tibet.

The Office of South Asian Affairs and the Office of United Nations Political Affairs also concern themselves with Tibet from time to time.

The Department's position on Tibet was most recently set forth by Secretary of State Herter on Feb. 20, 1960, in a letter to His Holiness, the Dalai Lama. This position, as stated below, still obtains:

"While it has been the historical position of the United States to consider Tibet as an autonomous country under the suzerainty of China, the American people have also stood for the principle of self-determination."

"It is the belief of the United States government that this principle should apply to the people of Tibet and that they should have the determining voice in their own political destiny."

The enclosed statement by Ambassador Arthur J. Goldberg, United States permanent representative to the United Nations, made at a plenary meeting of the General Assembly on Dec. 17, 1959, is a statement of comment on conditions and events in Tibet. The bulletin you requested is also enclosed.

Do you have an inquiry?

Goals Given in Report Unconnected With Data

(Fourth of six Tri-Cities Manufacturers Association articles urging development of an effective interstate-coordinated air pollution control agency representing the states of Illinois and Missouri.)

Looking at the 231-page report as a whole, the best that can be said is that it is a "majority report" which was adopted without due consideration.

The executive committee of the Interstate Air Pollution Study approved this report by a vote of 7-0 at its meeting of May 31, 1966.

Many members of the committee had received their copies of the massive document by mail that very morning. In fact, several members participating in the meeting did not have their copies at meeting time.

Little Time for Review

It is likely that there was very little time, if any, for the executive committee at a whole to truly review this 231-page report before voting.

Four committee members did not have the opportunity to vote being absent at this hastily-called meeting; those were the representatives from the Illinois Side Health District, the Illinois Department of Public Health, the Chamber of Commerce of the Metropolitan St. Louis and the Illinois Air Pollution Control Board.

The lack of cautious and careful adoption of the report is contained in a readily-apparent, built-in bias.

Even a cursory reading of the report reveals substantial evidence that the Interstate Air Pollution Study executive committee was heavily dominated by St. Louis city and county interests.

The report contains many self-serving statements for the St. Louis city and county air pollution control officials and for the founding Missouri air pollution control structure.

Model Ordinance Shown

In discussing the organization which is recommended for the Air Resource Management Program, the report, on pages 140, 150 and 151, suggests that there should be few air pollution control agencies at the local level.

"Immediate development plans which are satisfactory."

The Missouri state agency has been selected to represent the states outside the jurisdiction of the agreement area.

Finally, the report suggests an "interstate coordinating organization" and that "such an organization might well be the successor agency to the executive committee of the Interstate Air Pollution Study."

The report contemplates a local "coordinating committee" rather than an interstate committee as is contemplated by both the Missouri and Illinois laws.

Such an informal committee would have no right to represent the St. Louis city and county interests rather than the entire St. Louis Metropolitan area.

Reviewing the report in specifics, there are five major divisions of information contained in the report which deserve comment from the industrial regulatory agencies.

These include: (1) the technical "back-up" data assembled by the Interstate Air Pollution Study, (2) a proposed administrative organization for the Air Resource Management Program, (3) a set of suggested regulations in the form of both specific goals and emissions limits and a proposed enforcement scheme, (4) certain applications of air pollution control to land use and zoning bodies, and, finally, (5) "additional" air quality control measures which may be required when sources are clustered in a small area.

Basic Data Praised

With regard to the technical "back-up" data, there is much that is extremely interesting and possibly useful in terms of considering what the current air pollution conditions are and what goals might be achievable.

Although these calculations, graphs, charts and tables are presented in the "Air Resource Management Program" report in an apparently competent and scientific manner, these findings are never connected in any way with the calculations of the desired "goals" and "emissions standards."

The failure to relate the selection of goals and standards to this engineering data, delegates the report in our opinion to one of pseudo-engineering of doubtful technical value.

On page 16, the desired goals for suspended particulates, as measured by high-volume samplers, have been arbitrarily set as follows: (1) an annual geometric mean concentration of 75 micrograms per cubic meter; (2) 200 micrograms per cubic meter; (3) 200 micrograms per cubic meter; (4) 200 micrograms per cubic meter.

With regard to the Missouri agencies, the St. Louis City and County air pollution control divisions are declared to have

Reversal of Stand on Bridge Tolls

Leaves One Issue—What to Do With It?

The sudden reversal of Madison officials' plan to continue collecting bridge tolls, occurring two days after Missouri obtained temporary legal authority to place the daily bridge income in escrow, came as a surprise.

The city now will be unable to carry out its proposed one-year test of whether its two-lane toll bridge could compete with a nearby four-lane free bridge; the experiment would have begun with the completion of the new Interstate Route 270 span, currently estimated at about Sept. 1. However, a suit seeking refunds of past tolls may not be pushed as strongly now by the Missouri highway commission.

City officials may have concluded that the experiment was not really necessary to prove that such competition would have resulted in insufficient revenue to meet operating and maintenance costs. Their professed reason for suspending tolls immediately is that they value good relations between the two states.

In any case, it is only a matter of a few weeks until opening of the free bridge would have settled the dispute automatically. By the time an Army Corps of Engineers study is completed late this year or in early 1967, about the only remaining question will be what to do with the 49-year-old Chain of Rocks structure—whether to dismantle it, let it rust, or find some means of financing its continued operation.

Despite the bleak short-range outlook, long-range population and vehicular increases could make the bridge a valuable auxiliary traffic route in the 1970s or 1980s; even a four-lane bridge can become congested, as East St. Louis has found.

School Vandalism by Children

Becoming Costly to Their Parents

Hardly an edition of the Press-Record goes by that we do not encounter the sad duty of reporting a theft attempt or vandalism at still another Quad-City school. It is beginning to hurt one or under construction. The Dunbar, Venice and Maryville schools were among the latest targets.

The destruction is usually a direct burden to taxpayers, since most school systems either lack insurance against such losses, have deductible clauses in their policies, or pay high insurance bills due to the frequency and severity of the "vandalism." Also, the delay caused by mischief at construction sites is costly and is bound to show up in the form of higher bids.

Why schools should be such an inviting target, we won't attempt to say. But it would be hard to have every parent to keep track of his children, school under surveillance, and it is beginning to hurt where it really is painful — in everyone's pocketbook.

Science and the Quad-Cities

Antarctic Abundance, Potentially

(American Chemical Society) The potentially richest food-producing area in the world, according to a report to the American Chemical Society.

The biological productivity of Antarctic waters is of increasing importance because of the growing world population, Dr. Sayed Z. El-Sayed, professor of oceanography at Texas A&M University, told the Society.

The Antarctic waters are rich in plant and invertebrate animal life on which birds, fish, seals and whales feed.

Man's harvest from these waters depends upon the expansion of existing knowledge about the biological fertility of oceans, Dr. El-Sayed indicated.

The Antarctic's abundant sea life is based upon tiny green plants called phytoplankton algae, which are the first link in a food chain extending up to whales, he explained. The algae's food comes from inorganic elements in the water, transformed into living tissue with the help of sunlight and chlorophyll.

City officials may have concluded that the experiment was not really necessary to prove that such competition would have resulted in insufficient revenue to meet operating and maintenance costs. Their professed reason for suspending tolls immediately is that they value good relations between the two states.

Medicare Discussed by Illinois Hospital Director

David Kinser of Chicago, executive director of the Illinois Hospital Association, was guest speaker Monday afternoon at St. Elizabeth Hospital's special joint meeting of the Lay Advisory and Hospital Governing boards. He spoke on Medicare.

Kinser said that the basis of payments for Medicare was determined by costs related to charges, meaning that "each hospital department stands on its own" in judging the value of services rendered.

This present balance of pay-ments does not allow for expansion, according to the executive director, "the percentage amount of expansion a few years from now has a climate no more favorable than today."

"Because of the new program," he continued, "more and more problems will be related to Congress in a trend that it has never seen before."

He described "extended care" as treatment for the general Health, Education and Welfare.

Faces Charges in Alton

Charles Barr Jr., 29, of 4121 Melrose avenue, was arrested by Alton police late Monday on charges of peace disturbance and disorderly conduct stemming from a fight at an Alton entertainment center.

medical-surgical patient on a level more extensive than at nursing homes. He said area hospitals should work together so that one can pick a department which another might be forced to drop.

"The new Medicare bill has brought about an increase in manpower shortage," Kinser said, "because institutions are being financed through the program and therefore causing a shortage of new labor market to arise."

St. Elizabeth Hospital was certified to treat patients for the Medicare program which began on July 1, during June, Administrator Sister Mary Thomas said that the hospital complied with all the necessary requirements set by the U. S. Department of Health, Education and Welfare.

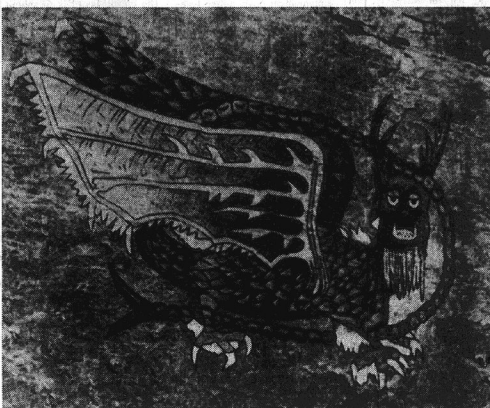

Alton Piasa Bird a Legend in Illinois Expedition Land

Southern Illinois' most famous Indian pictograph, a reproduction of the Piasa Bird, has been restored on a cliff wall, a mile north of Alton, facing the new MacAdams Memorial Highway.

Without doubt it is one of the biggest attractions on the "Great River Road," in Illinois Expedition Land. The restoration of the famous "monster-bird" has been made at least five times in the twentieth century.

Herbert Forcade, an 18-year-old Boy Scout had the honor of painting the first version of the old pictograph, back in 1924. Since then, it has been repainted periodically, the last time in 1952. Then the widening of the MacAdams highway again destroyed the painting.

But today, with the new highway completed for more than ten miles, paralleling the Mississippi from Alton north toward Grafton, the painting of the Piasa Bird has been restored on the cliff wall. The spot is about a mile further north than the 1952 painting, known as Norman's Landing. It's up there, for all to see, and already numerous tourist cameras have been pointed at the grotesque creature.

GIANT PIASA BIRD near Alton reportedly first seen by Marquette in 1673. His notes on the bird still are preserved in the French Library in Paris.

Excerpt from Journal

Whether fact or fancy, explorer Pere Marquette is credited with being the first white man to lay eyes on the pictograph. An excerpt from an article on the Piasa Bird in the Living Museum, monthly Journal of the Illinois State Museum, describes the Piasa Bird as follows:

"In 1673, Father Marquette in his journey down the Mississippi (supposedly) saw a pictograph on the face of the rocky bluff near the present city of Alton. He described it as representing two painted monsters which at first made us afraid, and upon which the boldest savages dared not long rest their eyes."

"They are large as a calf; they have horns on their heads like those of a deer, a horrible look, red eyes, a beard like a tiger's, a face like a man's, a body covered with scales, and so long a tail that it winds all around the body, passing above the head and going back between the legs, ending in a fish's tail."

...are various Indian legends as to who placed these hideous creatures on this 80-foot-high limestone bluff facing the Mississippi.

The best-known legend is that of the Illini, which tells that such a bird-monster killed or carried off many papooses, squaws and braves. At last Outagoua, the chief, prayed long to the Great Spirit to help him kill the bird. Staking himself out as prey, he had 50 warriors nearby with poisoned darts, and when the Piasa Bird came out of its cave, to swoop down on Outagoua, the

warriors killed it. To commemorate the event, the picture of the killer-bird was painted on the cliff wall. Such is legend...

The new 50-by-35 foot Piasa (pronounced pie-sa-wa, an Indian word meaning "bird that eats man") is half again as big as its predecessor. This time, a broader use of green was used in the restoration, which might be proper historically but is not

as spectacular on film as the vivid colors of the 1952 "bird."

The story of the Piasa Bird has evoked interest in both old and young, as is only natural. Now the pictograph is back on the cliff wall, to be viewed by motorists on picturesque MacAdams Memorial Highway, Alton's contribution to Illinois Expedition Land stretching through southern Illinois.

State Capital NEWS

An average production increase of from 11,389 to 12,576 pounds of milk per cow during the last year is reported for the 92-cow herd at the Vandallia Prison Farm, according to Ross V. Randolph, director of the Illinois Department of Public Safety.

The official Dairy Herd Improvement Association (DHIA) record was included in a report to Director Randolph by Clayton King, warden of the Vandallia Prison Farm, and Berlin T. Campbell, supervisor of the Illinois institutional dairy herds.

According to their report the dairy herd at the Vandallia State Prison Farm, cared for and handled by the inmates, has shown continuous improvement over the last three years and even more noteworthy improvement in the last 12 months.

Lincoln Telegrams
The only two telegrams Abraham Lincoln is known to have written before he was elected President were acquired recently by the Illinois State Historical Library.

The earliest, dated at Springfield April 4, 1859, was addressed to Asahel Gridley, Esq., at Bloomington. The second, dated July 11, 1859, written by Lincoln and signed by him and his law partner, Stephen T. Logan, was addressed to James Miller, Illinois State Treasurer.

State Fair Promenade
Mayors, village presidents and municipal officials from 40 central Illinois communities have accepted an invitation from Springfield, the host city, to appear in the Open Day Parade at the 1966 Illinois State Fair, Friday, Aug. 12.

With the city officers in their convertibles will be numerous state political figures led by Gov. Otto Kerner. Sixteen marching bands, including the official fair unit, the international champion Marching Bulldogs of Staunton high school, will be present.

The procession—expected to be nearly five miles long—will assemble at 11 a.m. in downtown Springfield and start at Second and Monroe streets. From there the contingent will travel east on Monroe to Sixth street, and take a final swing north to Reynolds street, where members will disband.

100-Mile Stock Car Race
Top United States Auto Club drivers, including Norm Nelson of Racine, Wis., last year's national champion, will compete in the Late Model 100-Mile Stock Car Race at the 1966 Illinois State Fair.

Known as the Allen Crow Memorial in honor of the late Springfield driver, the race is scheduled for Friday, Aug. 19. This will be the second year for the event at the fair.

Nelson, a veteran driver who won his other crown in 1960, is competing for his 26th year. He chalked up 3782 points last year to win his second USAC title. Others expected for the major race are Paul Goldsmith of Munster, Ind., who was second with 3,135, and Don White of Scottsbluff, Iowa, third with 2,885.

Medicare Medical, Hosp. Plans Offer Same Service

This is the ninth in a series of articles by Ralph Brather, Social Security district manager in East St. Louis, on how Medicare operates.

The same type of home health services paid for under the hospital insurance plan are covered under the medical insurance plan. But under the medical insurance plan you do not need to be in the hospital before the services can be made available to you. The only requirement is that your doctor decides that you need these services, and sets up the plan for them.

Your medical insurance will help pay for up to 100 visits each calendar year by nurses, physical therapists, and certain other health workers from a home health agency which is participating in the Medicare program. This is in addition to the home health services you may receive under the hospital insurance plan.

The home health agency always makes the claim for the medical insurance benefits so you will not need to submit a Request for Payment form when you receive home health services. The home health agency will bill you only for any amount not paid for by your medical insurance.

Home health services that are covered include: Part-time nursing care, physical, occupational or speech therapy. Services of home health aides (in connection with your treatment), medical social services, use of medical appliances, medical supplies, except drugs, rehabilitation services which require equipment that cannot be brought to your home.

Home health services not covered are: Prescription drugs, full-time nursing care, personal comfort items, general house-keeping services, meals delivered to your home (sometimes called "meals on wheels").

Chiropractic Office Open House on Sunday

Dr. and Mrs. John R. Vasiloff, 2008 Cleveland Blvd., will hold an open house from 1 to 3:30 p.m. Sunday at their new chiropractic office building next door at 2008 Cleveland Blvd.

About 400 invitations have been mailed to area residents, including the mayors of the Quad-Cities.

The new brick building contains 10 rooms, including a waiting room, a reception room, three adjusting or treatment rooms, an examination room, an x-ray room, a dark room, a laboratory, an office and a utility room.

Dr. Vasiloff said the most modern treatment equipment will be featured. Office furniture will be installed today.

Dr. Vasiloff has had his offices in his home.

Bike, Windows Damaged

Joseph Chandri, 2615 Edison Avenue, reported Monday that vandals entered his garage, took a can of gasket cement and poured it on a bicycle seat, four new aluminum screens and aluminum storm windows.

Sgt. Carly, a transportation superintendent, was selected for his leadership, exemplary conduct and duty performance. He is a member of the Strategic Air Command which maintains America's constantly alert force of intercontinental missiles and jet bombers.

The sergeant is a veteran of the Korean War.

Pair Charged in Venice With Theft, Trespassing

Clarence L. Nand, 37, of 1743 Olive Street, was charged Monday afternoon with petty theft following his arrest in the Terminal Railroad yards in Venice earlier in the day. Minnie M. Brown, 40, of 1117 State Street, was arrested with Nand and was charged with trespassing.

They were walking across the tracks and Nand was carrying a box of toy television sets when arrested by Venice officers who had been called by railroad agents. The railroad men said the toys had been taken from a railroad car.

The doctor certified to this need of care for Mrs. X, got in touch with a participating home health service agency and made plans for the services of a physical therapist, a medical social worker, a part-time skilled nurse, and for the use of certain medical supplies.

Before these services were begun in Mrs. X's home, her medical bills were already \$30 in that year. For the care she received in her home, the covered medical expenses totaled \$90, and additional doctor bills were \$10. The total bill for her care amounted to \$130.

Mrs. X had to meet a \$50 deductible before the medical insurance would pay its share of the bill. Of the remaining \$80, Mrs. X had to pay \$18 and the medical insurance paid \$64.

Special Program Friday At First Assembly of God

The Rev. John G. Olson, director of public relations and radio for Air Mail For God Mission, will be guest speaker Friday at 7:30 p.m. at First Assembly of God Church, and with his wife will present several musical selections as an added feature of the service. Rev. J. Boyd Wolverson, pastor, announced this week.

Rev. Olson returned recently from a trip to Mexico where he visited several of the outpost villages and will report on his findings there. Mrs. Olson, a native Californian, is an accomplished musician and a private music teacher in a Christian conservatory of music, as well as organist for one of Los Angeles' largest churches.

David West to Be Soloist At Sunday Services

David West, tenor, will be the soloist at both the 8:30 and 10:40 a.m. services at Niedringhaus Memorial Methodist Church. A son of Mr. and Mrs. Russell K. West, 2601 Cleveland Blvd., he will be the first in a series of soloists to be presented during services.

Rev. R. Paul Sims, minister, will continue his series of sermons on the Ten Commandments, preaching this Sunday on the Eighth Commandment, "You Shall Not Steal."

City Hires Part-Time Clean Air Expert

The citizen board is to submit state Air Pollution Control qualifications to the council at the Aug. 15 meeting so that steps can be taken immediately to find a full-time technical secretary.

"I don't think we're doing enough for the people now in controlling air pollution, and if we get a full-time man, we can proceed on a regular schedule, and he can be used for other purposes. The money is in the budget now, so we should try now. I don't think a concerted effort has been made to find a full-time man," Johnson added.

Mayor Givens Report Mayor Partney replied that he had attended a meeting of the

state Air Pollution Control Board at Monsanto last week and found it to be a gratifying experience.

"The state board members mentioned that Granite City is ahead of other communities in the area," the mayor told the council.

A word of caution was expressed by Alderman Whitmer, a member of the city commission. "We can't move too fast; we can't close plants down. It can be done over a period of two, three or four years, and I'd say that in five years you'll see a remarkable difference in the air over Granite City."

Alderman Boyd said he had

heard Granite Cityans remark that the council was derelict in moving toward putting a stop to air pollution.

Whitmer replied that the commission had met last week with representatives of two industries to go over control programs and is meeting with three others this week.

"Progress is being made," he added.

Battery Charge Filed
Harry Wallace, 38, of 2021 Washington Avenue, was arrested at 6 p.m. Monday on a charge of battery. The complaint was signed by Louise Blewett. Wallace was released on \$200 cash bail pending a hearing set for Friday.
